Precisely crafted, our umbrellas are built to withstand the harshest conditions. Our procedures and inventory systems constantly evolve to ensure we meet all the expectations of our clients. Our ultimate goal is to exceed your expectations. This goal has generated thousands of long-lasting relationships with commercial and residential clients alike. So, while it is typically years before our customers need to return, they always do. Whether you’re a country club, resort and spa, or a family that enjoys your outdoor space as much as your indoor space, once you’ve experienced our umbrellas, and more importantly our personal commitment to satisfying the needs of our customers, we are confident you will become a customer for life. Find your perfect umbrella through one of our valued dealers or at a retail store near you.

Frankford has been in the shade business for more than 120 years, providing superior quality umbrellas to the contract and retail industries. We are a dynamic and thriving company in the outdoor living industry, specializing in modern and traditional shade solution designs.

Known primarily for providing hotels, resorts, and restaurant chains with durable and long-lasting umbrellas, Frankford Umbrellas have become a staple in not only thousands of commercial settings throughout Canada, the United States, Mexico and the Caribbean but also countless residential settings.

The beauty, design, and superior elements of our umbrellas allow you to bring home your enhanced resort and dining experiences to your cherished outdoor living space. We use only the highest quality materials in manufacturing our umbrellas, and they truly are the best in the industry. We believe in providing our partners an exceptional product, at a reasonable price, with superior customer service.

We invite you to experience exceptional shade.

10’ Square Cantilever Umbrella - Matte Silver Finish
w/ 9 oz. Marine Grade White Acrylic
ECLIPSE® ECU

DESIGNER - CANTILEVER UMBRELLA

This umbrella combines style with size, strength, and durability to provide a lasting solution to your shade needs. Its 360° rotation and Infinity Tilt allow for easy opening and closing, while providing complete shade flexibility. Heavy gauge extruded aluminum and stainless-steel parts on a marine grade corrosion resistant aluminum frame ensure the Eclipse® is ideal for both commercial and residential environments.

SHAPES & SIZES

 OCTAGON  
13’/4m

 SQUARE  
10’ x 10’/3m
Frame Finishes

- Golden Oak (WG)
- Matte Silver (MS)
- Matte Black (BK)
- Matte White (WH)
- Matte Bronze (BZ)

Features

Full 360° rotation combined with the Infinity Tilt provide countless hours of maximum shade.

The crank lift is built for commercial use, yet designed for smooth and effortless operation in any environment.

Manufactured with extruded aluminum.

Stainless-steel hardware throughout.

Wind Stabilizer Kit and Black Polyester Protective Cover Bag included.

Mounting options include permanent, semi-permanent, and free-standing bases for installation on any surface.
**880ECU - 13' / 4M OCTAGON**

13' Square Giant Telescoping Market Umbrella - Matte Silver Finish w/ 9 oz. Marine Grade Treated Acrylic
The Nova offers maximum shade and weather protection for commercial environments. Its 9 oz. marine grade acrylic canopy is supported by reinforced extruded aluminum ribs that connect to a 4-inch mast. Every detail of this premium giant center post umbrella ensures that the Nova will withstand even the harshest conditions. The commercial grade telescoping mechanism allows for effortless opening and closing of the umbrellas without having to move any furniture underneath. Umbrellas comparable to the Nova in size and weight almost always require a permanent installation. The Nova is one of the only large shade structures in the industry with a semi-permanent and non-permanent mount available. This umbrella not only looks spectacular, but is a practical shade solution in a number of commercial applications.

**SHAPES & SIZES**

**OCTAGON**

16' x 5m

**SQUARE**

13' x 13'4m
As the telescoping Nova cranks down, the top portion of the mast rises, allowing you to completely close the umbrella without having to move any furniture.

4” diameter aluminum center pole with four internal strength channels, combined with the extruded aluminum ribs provide exceptional support and strength.

Stainless-steel hardware throughout.

Reinforced grommets with an ultra-durable woven nylon wrap prevent fabric tearing from the frame.

The Nova mounts to a hinged spigot allowing for the umbrella mast to be placed onto the spigot while the unit is on its side, prior to raising it upright.

Mounting options include permanent, semi-permanent, and free-standing bases for installation on any surface.

Frame finishes including Golden Oak WG, Matte Black BK, Matte White WH, Matte Bronze BZ, are available at an increased cost and extended lead times up to 12 weeks.
Engineered to withstand 50 MPH winds.

The G-Series is the flagship center post umbrella for all luxury resorts, hotels, and high-end outdoor living spaces. Built with the same commercial quality materials as the Greenwich and Monterey, the G-Series offers free-standing maximum shade options on a larger 2” center post with three canopy size options. We offer permanent, semi-permanent, and free-standing base options to accommodate any outdoor space.
The G-Series Greenwich offers the same commercial grade quality and luxury design as its smaller namesake and amplifies it. With a 2” diameter 3mm thick aluminum center pole, this umbrella offers strength and stability in moderate wind conditions. Its polished silver frame finish and matching finial offer an elegant touch to your outdoor space.

**Shapes & Sizes**

- **Octagon**: 13'/4m
- **Square**: 10’x10’/3m
- **Rectangle**: 8.5’x11’/2.6’x3.5m
Smooth and effortless double pulley system.

Ergonomically designed ribs maintain the shape and provide added strength.

2” diameter 3mm thick single piece aluminum center pole provides incredible strength and durability.

The RECacril® and RECasystem canvases are treated with a special technological process to ensure the lasting quality of the fabric. In this process nanoparticles completely cover the surface of the fibers in the fabric, forming a permanent coat. After treatment, both the surface and the inside of the fabric are permanently protected against dirt build-up, and adverse effects of a wide variety of atmospheric agents. The low reactivity and high stability of the infinity treatment endow long-term protection to the fabric, especially against mildew, and provides excellent water and oil repellency.
Frankford uses 9 oz. marine grade, solution dyed acrylic fabric that is manufactured with the highest quality raw materials, and undergoes rigorous quality-assurance tests. All of our Grade A marine grade fabrics have an outer surface finish, and are treated with the Infinity Process which makes the fabric waterproof. They are easy to clean, mold and mildew resistant, and have an exceptional (and unmatched) guarantee against fading.

Our Grade A fabrics consist of 25 vivid colors (19 solid and 6 stripe options) that are stocked for faster lead times.

FRANKFORD ONLY USES THE BEST

Coats Dabond is a bonded, 250D x 3 ply twisted continuous filament polyester thread that offers excellent protection against UV-light and abrasion. It is specifically designed to withstand demanding weather conditions, making it a great choice for outdoor and marine products. Dabond is the only environmentally friendly bonded polyester thread available on the market and is excellent at resisting mildew, rot, and the effects of bleaching. Its unique bonded and lubricated construction safeguards against ply untwisting in zigzag stitching.
Grade A Select Fabrics - Burgundy, Logo Red, Orange, and Sunflower Yellow Fabrics. Up-charges apply as noted in 2020 MSRP Index.

 Stripe fabrics can only be sewn horizontally. Stripes cannot be vertical or be used on rectangular canopies. Custom orders for stripe fabrics (non-stock stripes) must be ordered in even quantities.

Stripe Repeating Pattern - 6.4" / 16.5 cm
Stripe fabrics can only be sewn horizontally. Stripes cannot be vertical or be used on rectangular canopies. Custom orders for stripe fabrics (non-stock stripes) must be ordered in even quantities.

**GRADE A FABRICS:** 26 vivid colors that are stocked and readily available to ship within 7-10 business days.

**GRADE A SELECT FABRICS:** Up-charges apply as noted in 2020 MSRP Index.

**GRADE A+ FABRICS:** Includes any customization to Grade A fabrics, (i.e. alternating panels, adding valances, custom wind vent color, custom binding or trim color, logos/silk screen, etc.).

**NOTE:** GRADES B-F include all non-stock Sunbrella® and Outdura fabrics, and do carry an extended lead time. Any Grades B-F striped fabric must be ordered in even quantities, with a minimum order requirement of (2) umbrellas.

Stripe repeating pattern: 6.4”/16.5cm
Properly securing your umbrella is crucial to ensuring years of sun protection and longevity. The following section will guide you through our wide variety of everyday bases and anchoring solutions. These included options are suitable for use beneath a table or in a free-standing setting.

Remember…your shade is only as good as its foundation!

Frankford’s umbrellas are all thoroughly tested and built to ensure durability and longevity, however we do not recommend the use of any non-permanent umbrella in unsafe wind conditions. The size and installation location of your umbrella play a significant role when selecting the base/anchoring method required for safe operation. Please consult an authorized Frankford dealer or factory representative directly for recommendations.

Frankford Umbrellas warranty is only applicable to products that are properly secured to an appropriately weighted base, installed in-ground, or surface mount. The warranty does not cover damage caused to an umbrella structure or base as a result of improper anchoring, or severe acts of nature, including any damage caused by contact with a foreign object (this includes contact with the ground).

DISCLAIMER: Umbrellas must be secured equal to or greater than the base options recommended in this catalog, and must be secured properly using the thumb screws or other hardware supplied with each base. Failure to properly secure umbrellas with the base options recommended, and with the supplied hardware will void the Frankford Umbrellas warranty. Furthermore, all umbrellas should always be closed and secured when not in use, and taken down when winds reach unsafe conditions.
UMBRELLA BASE GUIDE BY APPLICATION

- **TABLE USE**: Indicates the base is suitable for use beneath a table. It is not recommended as a free-standing base option.
- **FREE-STANDING**: Indicates the base is recommended as a free-standing option, but also suitable for use beneath a table if the table provides enough clearance to safely sit above the base on a flat surface. 18” (18ST/2) Stems should always be used when in this application.
- **1.5”/38mm STEM**: Indicates the base can accommodate a 1.5”/38mm center pole.
- **2”/50mm STEM**: Indicates the base can accommodate a 2”/50mm (18ST2) center pole.

**NOTE**: 18” stems (18ST/2) are recommended for free-standing applications. Frankford will not recommend a free-standing application with a shorter stem. The 75S (16” stem) is considered a free-standing base as noted below.

## STEEL PLATE BASES

### 50S Steel Plate
- **W:** 50 lbs./22 kg.  
- **D:** 20”/50cm  
- **H:** 8.5”/21cm

Powder coated steel round plate base with removable stem.

**STEM HEIGHT:** 8” / 20cm  
**STEM DIAMETER:** 1.5” / 38mm

### 75S Steel Plate w/Wheels
- **W:** 75 lbs./35 kg.  
- **D:** 24”/61cm  
- **H:** 16.5”/42cm

Powder coated steel square plate base with fixed wheels and removable stem.

**STEM HEIGHT:** 16” / 40cm  
**STEM DIAMETER:** 1.5” / 38mm

---

## GALVANIZED STEEL PLATE BASES

### 240 Galvanized Stackable Steel Plate
- **W:** 70 lbs./32 kg.  
- **D:** 24”/60cm  
- **H:** 5”/12.7mm

Able to stack 3 G-Plates of any corresponding shape to increase maximum weight and overall footprint.

**NOTE:** When stacking plates, bolts will only "bite" to bottom plate. Rotate thread-less holes on additional stacking plates to match threaded holes on bottom plate.

**STEM HEIGHT:** 8” - 18”/20cm - 45cm  
**STEM DIAMETER:** 1.5” - 2”/38mm - 50mm

### 300 Galvanized Stackable Steel Plate
- **W:** 100 lbs./45 kg.  
- **D:** 30”/76cm  
- **H:** 5”/12.7mm

Able to stack 3 G-Plates of any corresponding shape to increase maximum weight and overall footprint.

**NOTE:** When stacking plates, bolts will only "bite" to bottom plate. Rotate thread-less holes on additional stacking plates to match threaded holes on bottom plate.

**STEM HEIGHT:** 8” - 18”/20cm - 45cm  
**STEM DIAMETER:** 1.5” - 2”/38mm - 50mm

### 36G Galvanized Stackable Steel Plate
- **W:** 150 lbs./68 kg.  
- **D:** 36”/91cm  
- **H:** 5”/12.7mm

Able to stack 3 G-Plates of any corresponding shape to increase maximum weight and overall footprint.

**NOTE:** When stacking plates, bolts will only "bite" to bottom plate. Rotate thread-less holes on additional stacking plates to match threaded holes on bottom plate.

**STEM HEIGHT:** 8” - 18”/20cm - 45cm  
**STEM DIAMETER:** 1.5” - 2”/38mm - 50mm

### 40G Galvanized Stackable Steel Plate
- **W:** 70 lbs./32 kg.  
- **D:** 20”/50cm  
- **H:** 5”/12.7mm

Able to stack 3 G-Plates of any corresponding shape to increase maximum weight and overall footprint.

**NOTE:** When stacking plates, bolts will only "bite" to bottom plate. Rotate thread-less holes on additional stacking plates to match threaded holes on bottom plate.

**STEM HEIGHT:** 8” - 18”/20cm - 45cm  
**STEM DIAMETER:** 1.5” - 2”/38mm - 50mm

### 24G-SQ Galvanized Steel Plate
- **W:** 100 lbs./45 kg.  
- **D:** 24”/60cm  
- **H:** 5”/12.7mm

Able to stack 3 G-Plates of any corresponding shape to increase maximum weight and overall footprint.

**STEM HEIGHT:** 8” - 18”/20cm - 45cm  
**STEM DIAMETER:** 1.5”/38mm

### 20G-SQ Galvanized Steel Plate
- **W:** 70 lbs./32 kg.  
- **D:** 20”/50cm  
- **H:** 5”/12.7mm

Able to stack 3 G-Plates of any corresponding shape to increase maximum weight and overall footprint.

**NOTE:** When stacking plates, bolts will only "bite" to bottom plate. Rotate thread-less holes on additional stacking plates to match threaded holes on bottom plate.

**STEM HEIGHT:** 8” - 18”/20cm - 45cm  
**STEM DIAMETER:** 1.5” - 2”/38mm - 50mm

### 40G-SQ Galvanized Steel Plate
- **W:** 150 lbs./68 kg.  
- **D:** 24”/60cm  
- **H:** 5”/12.7mm

Able to stack 3 G-Plates of any corresponding shape to increase maximum weight and overall footprint.

**STEM HEIGHT:** 8” - 18”/20cm - 45cm  
**STEM DIAMETER:** 1.5”/38mm
Frankford’s umbrellas are all thoroughly tested and built to ensure durability and longevity, however we do not recommend the use of any non-permanent umbrella in unsafe wind conditions. The size and installation location of your umbrella play a significant role when selecting the base/anchoring method required for safe operation. Please consult an authorized Frankford dealer or factory representative directly for recommendations.

Frankford Umbrellas warranty is only applicable to products that are properly secured to an appropriately weighted base, installed in-ground, or surface mount. The warranty does not cover damage caused to an umbrella structure or base as a result of improper anchoring, or severe acts of nature, including any damage caused by contact with a foreign object (this includes contact with the ground).

DISCLAIMER: Umbrellas must be secured equal to or greater than the base options recommended in this catalog, and must be secured properly using the thumb screws or other hardware supplied with each base. Failure to properly secure umbrellas with the base options recommended, and with the supplied hardware will void the Frankford Umbrellas warranty. Furthermore, all umbrellas should always be closed and secured when not in use, and taken down when winds reach unsafe conditions.
# Specialty Mounting

## 8ST / 18ST / 18ST2 Stem Options
- **W:** 5 lbs./2 kg.  
  **D:** 4”/10cm  
  **H:** 8”/20cm - 20”/45cm  

316L Stainless-steel stems can be mounted directly to a solid surface or stable surface. Hardware not included.

### 8ST Height:
- **8”/20cm** - 1.5”/38mm Diameter

### 18ST Height:
- **18”/45cm** - 1.5”/38mm Diameter

### 18ST2 Height:
- **18”/45cm** - 2”/50mm Diameter

## CMLK-SM Surface Mounting Stem/Plate
- **W:** 9 lbs./4 kg.  
  **D:** 4”/10cm  
  **H:** 18”/45cm  

Camlock mounting plate is a 2 piece design that can be mounted directly to a solid surface or stable surface. Hardware not included.

### 8ST Height:
- **8”/20cm** - 1.5”/38mm Diameter

### 18ST Height:
- **18”/45cm** - 1.5”/38mm Diameter

### 18ST2 Height:
- **18”/45cm** - 2”/50mm Diameter

## BZ-SM In-Ground Stem Mount
- **W:** 11 lbs./5 kg.  
  **D:** 4”/10cm  
  **H:** 16”/40cm  

BZ “Bazooka” in-ground mounting stem is a 2 piece design that can be mounted in-ground (concrete, soil, clay) with removable stem.

### STEM HEIGHT:
- **16”/40cm** - 1.5”/38mm Diameter

## BZ2-SM In-Ground Stem Mount
- **W:** 11 lbs./5 kg.  
  **D:** 4”/10cm  
  **H:** 16”/40cm

BZ “Bazooka” in-ground mounting stem is a 2 piece design that can be mounted in-ground (concrete, soil, clay) with removable stem.

### STEM HEIGHT:
- **16”/40cm** - 2”/50mm Diameter

## 38SAP Soft Surface Anchor
- **W:** 11 lbs./5 kg.  
  **D:** 2”/50mm  
  **H:** 38”/96cm

Soft surface anchor that will attach to the bottom pole of a 2”/50mm umbrella. Allowing umbrellas to anchor into a soft surface.

### STEM HEIGHT:
- **38”/96cm** - 1.5”/38mm Diameter

## 38SAP-2 Soft Surface Anchor
- **W:** 11 lbs./5 kg.  
  **D:** 2”/50mm  
  **H:** 38”/96cm

Soft surface anchor that will attach to the bottom pole of a 2”/50mm umbrella. Allowing umbrellas to anchor into a soft surface.
Frankford’s umbrellas are all thoroughly tested and built to ensure durability and longevity, however we do not recommend the use of any non-permanent umbrella in unsafe wind conditions. The size and installation location of your umbrella play a significant role when selecting the base/anchoring method required for safe operation. Please consult an authorized Frankford dealer or factory representative directly for recommendations.

Frankford Umbrellas warranty is only applicable to products that are properly secured to an appropriately weighted base, installed in-ground, or surface mount. The warranty does not cover damage caused to an umbrella structure or base as a result of improper anchoring, or severe acts of nature, including any damage caused by contact with a foreign object (this includes contact with the ground).

Disclaimer: Umbrellas must be secured equal to or greater than the base options recommended in this catalog, and must be secured properly using the thumb screws or other hardware supplied with each base. Failure to properly secure umbrellas with the base options recommended, and with the supplied hardware will void the Frankford Umbrellas warranty. Furthermore, all umbrellas should always be closed and secured when not in use, and taken down when winds reach unsafe conditions.
SPECIFIC MOUNTING ECLIPSE®

**40Gx3 Max Galvanized Plate Stack**

**W:** 555 lbs./252 kg  
**D:** 40”/101cm  
**H:** 2”/50mm

Triple stack 40G is a require minimum Galvanized plate option for the Eclipse® Cantilever.

**NOTE:** When stacking plates, bolts will only "bite" to bottom plate. Rotate thread-less holes on additional stacking plates to match threaded holes on bottom plate.

---

**36Gx3 Max Galvanized Plate Stack**

**W:** 600 lbs./272 kg  
**D:** 36”/91cm  
**H:** 2”/50mm

Triple stack 36G-SQ is a require minimum Galvanized plate option for the Eclipse® Cantilever.

**NOTE:** When stacking square plates, there is a dedicated threaded "bottom" plate. Additional top plates will not be threaded. Bolts only bite to bottom plate.

---

**NGU550 Galvanized Steel Max**

**W:** 550 lbs./249 kg  
**D:** 45”/114cm  
**H:** 5”/13cm

Galvanized steel box frame slotted with concrete pavers and matte silver anodized aluminum lid.

---

**ECU-480 Free-Standing Wheel Base**

**W:** 80 lbs./36 kg  
**D:** 36”/91cm  
**H:** 5”/13cm

Galvanized steel box frame slotted for 12 (16x16x2) concrete pavers and matte silver anodized aluminum lid. Locking caster wheels and leveling feet are included. **Pavers are not included.**

**RESIDENTIAL USE ONLY**  
**SHIPS EMPTY**

---

**ECU-DP Surface Mounting Plate**

**W:** 12 lbs./5 kg  
**D:** 12.5”/32cm  
**H:** 5”/12.7mm

Direct surface mounting deck plate. Can be mounted to concrete or wood deck or any stable solid surface. Please consult a licensed professional for in-ground or surface mounting installations.

---

**ECU-IG In-Ground Mount**

**W:** 18 lbs./8 kg  
**D:** 8”/20cm  
**H:** 20”/50cm

In-Ground mounting stem for concrete, soil, hard clay. Please consult a licensed professional for in-ground or surface mounting installations.

  - Please consult a licensed professional for in-ground or surface mounting installations.
  - **STEM HEIGHT:** 16"/40 cm - 2"/50 mm

**SHIPS EMPTY**
Frankford offers 9 oz. marine grade solution dyed acrylic fabric from several mills, including Sunbrella®, Outdura, and Recasens®. All marine grade acrylic fabrics we use carry a warranty of 10 years from the original date of purchase. All upholstery grade fabrics we use carry a warranty of 5 years from the original date of purchase.

The warranty protects against the loss of characteristics, rot, mildew, and colorfastness typical in normal atmospheric conditions. The product must be properly installed, maintained, and under normal use and environment.

This warranty does not cover damage caused by contact with foreign objects, abuse, negligence, vandalism, burns of any kind, improper cleaning techniques, normal wear, perforations, weather soiling, environmental pollution stains, natural disasters, or acts of nature. Damage caused by the storage method or location used by clients is not covered.

**DISCLAIMER:** When opening and closing the umbrella, the user must be sure all fabric is pulled away from the ribs to prevent unnecessary rubbing of the fabric against the frame or hardware. This could result in premature wearing or holes in the fabric. Damage of this nature is not covered under warranty.

The warranty, if applicable, does not cover labor, frames, systems, and installation supplied by the dealer or reseller. Replacement fabric canopy is covered for the time remaining in the original warranty and does not activate a new 10-year, or 5-year warranty.

Frankford warrants the frame structure of the MONTEREY for a period of 5 years from the original date of purchase. This warranty includes manufacturer defects to the notch, runner, center pole and skeleton structure.

Frankford warrants all UMBRELLA BASES for a period of one (1) year from the original date of purchase.

**DISCLAIMER:** This warranty covers manufacturing defects only. It does not cover breakage due to contact with foreign objects, shipping of the finishes, crumbling of concrete, or any damage associated with transporting the base.

**3YR PARTS REPLACEMENT PROGRAM**

In the event non-warrantable damage occurs to an umbrella from the MONTEREY collection, Frankford offers a free fiberglass rib replacement program for 3 years from the original date of purchase. Shipping charges are not included in this program.

**RUST DISCLAIMER**

Rust is a natural part of the aging process for all steel and iron-based materials, therefore it is not considered a defect and is not covered under any Frankford Umbrellas’ warranties. Steel bases and mounts are designed to require minimum maintenance and should be kept clean and well maintained.

Frankford Umbrellas’ warranties do not cover damage to any umbrellas or umbrella bases related to extreme weather, abuse, misuse, or any damage that occurs as a result of contact with the ground or any other foreign object due to sudden and severe weather events or other extreme acts of nature.

Frankford Umbrellas’ warranties are only applicable to products that are properly secured to Frankford bases or anchoring systems equal to or greater than recommended by Frankford. Failure to properly secure Frankford umbrellas to Frankford bases equal to or greater than recommended will void all warranties.

If warrantable damage occurs, Frankford will refinish, replace or repair any item in this category at its own discretion.
WARRANTY COMMERCIAL

7YR WARRANTY
Frankford offers 9 oz. marine grade solution dyed acrylic fabric from several mills, including Sunbrella®, Outdura, and Recasens®. All marine grade acrylic fabrics we use carry a warranty of 7 years from the original date of purchase. All upholstery grade fabrics we use carry a warranty of 5 years from the original date of purchase.

The warranty protects against the loss of characteristics, rot, mildew, and colorfastness typical in normal atmospheric conditions. The product must be properly installed, maintained, and under normal use and environment.

This warranty does not cover damage caused by contact with foreign objects, abuse, negligence, vandalism, burns of any kind, improper cleaning techniques, normal wear, perforations, weather soiling, environmental pollution stains, natural disasters, or acts of nature. Damage caused by the storage method or location used by clients is not covered.

DISCLAIMER: When opening and closing the umbrella, the user must be sure all fabric is pulled away from the ribs to prevent unnecessary rubbing of the fabric against the frame or hardware. This could result in premature wearing or holes in the fabric. Damage of this nature is not covered under warranty.

The warranty, if applicable, does not cover labor, frames, systems, and installation supplied by the dealer or reseller. Replacement fabric canopy is covered for the time remaining in the original warranty and does not activate a new 7-year, or 5-year warranty.

3YR WARRANTY
Frankford warrants the frame structure of the ECLIPSE®, AURORA, NOVA, G-SERIES, GREENWICH and MONTEREY for a period of 3 years from the original date of purchase. This warranty includes manufacturer defects to the notch, runner, center pole and skeleton structure.

This warranty does not include damage sustained to these umbrellas while in any degree of tilt.

3YR FINISH WARRANTY
Frankford warrants all powder coat finishes on aluminum masts in ECLIPSE®, AURORA, NOVA G-SERIES, GREENWICH, MONTEREY, CATALINA and LAUREL for a period of 3 years from the original date of purchase. This warranty includes chipping, peeling, flaking, bubbling, and fading of the powder coat finish on the aluminum masts only.

2YR FRAME WARRANTY
Frankford warrants the crank and auto tilt mechanism in the MONTEREY and CATALINA for a period of 2 years from the original date of purchase. This warranty includes manufacturer defects of crank handles, crank axles, auto tilts, push button tilts, and para-cord.

1YR WARRANTY
Frankford warrants the frame structure of the, LAUREL, EMERALD, BEACH CHAIR, SHADESTAR, LIFEGUARD, and BEACH CABANA for a period of one (1) year from the original date of purchase. This warranty includes manufacturer defects to the notch, runner, center pole and skeleton structure.

Frankford warrants all UMBRELLA BASES for a period of one (1) year from the original date of purchase.

DISCLAIMER: This warranty covers manufacturing defects only. It does not cover breakage due to contact with foreign objects, chipping of the finishes, crumbling of concrete, or any damage associated with transporting the base.

RUST DISCLAIMER
Rust is a natural part of the aging process for all steel and iron-based materials, therefore it is not considered a defect and is not covered under any Frankford Umbrellas’ warranties. Steel bases and mounts are designed to require minimum maintenance and should be kept clean and well-maintained.

GENERAL DISCLAIMER
Frankford Umbrellas’ warranties do not cover damage to any umbrellas or umbrella bases related to extreme weather, abuse, misuse, or any damage that occurs as a result of contact with the ground or any other foreign object due to sudden and severe weather events or other extreme acts of nature.

Frankford Umbrellas’ warranties are only applicable to products that are properly secured to Frankford bases or anchoring systems equal to or greater than recommended by Frankford. Failure to properly secure Frankford umbrellas to Frankford bases equal to or greater than recommended will void all warranties.

If warrantable damage occurs, Frankford will refinish, replace or repair any item in this category at its own discretion.

58
WIND RATINGS

Frankford Umbrellas have been tested successfully in extreme weather and winds up to 40 - 60 MPH, however, we strongly recommend closing your umbrella when not in use, or when sustained winds exceed 25 MPH.

ECLIPSE® CANTILEVER
Engineered to withstand 35 MPH sustained winds. The addition of the wind stabilizer bars increases this tolerance by 5 MPH.

AURORA CANTILEVER
Engineered to withstand 25 MPH sustained winds. The addition of the wind stabilizer bars increases this tolerance by 5 MPH.

NOVA GIANT TELESCOPING
Engineered to withstand 50 MPH sustained winds.

G-SERIES GIANT MARKET
GREENWICH Engineered to withstand 35 MPH sustained winds.
MONTEREY Engineered to withstand 40 MPH sustained winds.

GREENWICH ALUMINUM MARKET
Engineered to withstand 35 MPH sustained winds.

MONTEREY FIBERGLASS MARKET
Engineered to withstand 40 MPH sustained winds.

CATALINA MODERN FIBERGLASS PATIO
Engineered to withstand 35 MPH sustained winds.

LAUREL CLASSIC STEEL PATIO
Engineered to withstand 25 MPH sustained winds.

Wind ratings do NOT form part of, nor fall under, any Frankford Umbrellas’ warranties. Wind ratings are intended as a guide to the relative strength of the umbrellas only and tested at their optimal positions. Umbrellas with any degree of tilt added should not follow the above wind ratings. Wind can be extremely variable, depending on the surroundings, elevation, angle of gusts, etc. In any high wind or sudden extreme weather conditions, ALL umbrellas should be closed and secured immediately.

Frankford can recommend specific bases and anchoring systems for specific umbrella types (pg. 48). However, these are only recommended weights, as different environments may require different base options.

Please contact us for assistance in choosing the proper umbrella base or anchoring system. In the event Frankford shade products are left open and/or unattended in harsh weather conditions, our customer service department is here to help you and promptly assist with parts for repairs. Our shade products offer modular, self-repairable components which allow customers to service the umbrellas to keep them in perfect working condition.
**SHIPPING & RETURNS**

**GROUND & FREIGHT DELIVERIES**

Frankford would like to ensure the highest level of service. All of our products are made to order and shipped directly from us to you. Because of this, shipping times can vary depending on what product is ordered, what fabric is used (Grades A or A+, B, C, D, E, F), the quantity ordered, and the time of year the order is placed.

All small package and small quantity orders will be shipped using parcel companies (USPS, UPS, FedEx or other) unless otherwise specified. Some of our larger items and larger quantity shipments must be shipped with an LTL trucking company. Additional charges may be incurred for the following services: Lift Gate Service, Residential Delivery, Call Before Delivery, Express Delivery, Weekend/Holiday Delivery, Guaranteed Delivery, Redelivery, or Change of Address.

Frankford will not be responsible for any express shipping costs or order cancellations unless we have guaranteed a specific delivery date in writing. No verbal guarantees will be made or honored at any time.

Orders may be delayed if certain information is omitted from the order form. This information includes, but is not limited to: billing address, shipping address, customer name, contact name, contact phone number, shipping instructions, item number, quantity, brief item description, or shipping method. Frankford Umbrellas will not be responsible for any charges incurred for lack of information provided. To obtain a shipping quote, or for shipping inquiries, please email a Frankford Umbrellas customer service representative.

**PLEASE NOTE:** Freight quotes are only valid for 14 days.

**VISIBLE DAMAGE**

It is the Dealer’s/Customer’s responsibility to check the merchandise and file a claim with the carrier if the shipment was made using the dealer’s carrier account. Request a claim form from the delivering carrier and file your claim immediately. If the shipment was made using Frankford’s carrier and account, it is the Dealer’s/Customer’s responsibility to check the merchandise and notify Frankford Umbrellas within 24 hours of delivery, so that a claim can be filed. In either situation, make a notation on the Bill of Lading as to the nature and extent of the damage, take photos, check carton count and obtain a signature from the carriers’ agent.

Failure to provide this information may result in the carrier refusing to honor the claim and Frankford will not, under this circumstance, be liable for damage sustained in transit.

**CONCEALED DAMAGE**

If damage is discovered when unpacking the merchandise, immediately mark the damaged area and submit a written request for the carrier to inspect. Do not remove the merchandise from the original carton until the carrier inspection is complete. If the merchandise was shipped using Frankford’s carrier and account, it is the Dealer’s/Customer’s responsibility to notify Frankford immediately and to provide all proper documentation so that a claim can be filed.

**SHORTAGES**

It is the Dealer’s/Customer’s responsibility to inspect all merchandise and to file a claim with the carrier in the event of a product shortage. Make a notation on the Bill of Lading as to the number of cartons short. Frankford must also be notified within 24 hours of any shortages. File the claim with the delivery carrier immediately. No claim for shortages, damaged items, or errors will be honored unless it is made in writing on the Bill of Lading immediately upon receipt of shipment. Notwithstanding anything to the contrary in this agreement, failure to make a claim on the Bill of Lading will constitute a waiver of any right to a refund or credit.

**GRADE A RETURNS**

All requests for returns of stock merchandise must be made within 7 days of receipt of merchandise. Returns will not be accepted without a written Return Authorization (RA#) from the factory. It is the Dealer’s/Customer’s responsibility to follow routing instructions. Please fax/email a request for an RA#. Your request must include the following information:

- Company name, contact name and number
- The Frankford Umbrellas invoice and/or acknowledgment
- The item no., number of units to be returned and carton total
- The reason for the return
- Which carrier will be returning the items and the date of the shipment
- Any stock item that is returned for credit is subject to a 25% restocking fee (and must be properly packaged and in resalable condition), plus inbound and outbound freight charges.

**NOTE: ECLIPSE®, AURORA, NOVA, G-SERIES, and GREENWICH are considered custom orders. Returns will not be accepted.**

**GRADE A+/F RETURNS**

Umbrellas made with Grade A+ through F fabrics and/or have printing are not subject to a refund or credit. These items are manufactured or printed to the Dealer’s/Customer’s specifications, and as such may not be returned. No cancellations, changes, additions, or holds will be accepted on any order for which materials have been ordered or produced.

**NOTE:** All ECLIPSE®, AURORA, NOVA, G-SERIES, and GREENWICH orders are considered custom orders. Returns will not be accepted.

**CANCELLATIONS**

No cancellations, changes, additions, or holds will be accepted on any order for which materials have been ordered or produced. Cancellations and/or changes of product or shipping dates on EARLY BUY orders must be received in writing within 15 days of the order date.

Cancellations and/or changes of product or shipping dates on ALL OTHER orders must be received in writing within one business day of the order date.
CARE & MAINTENANCE

FABRIC CARE
Recacril® 9 oz. Marine Grade Acrylic Fabric is treated with the Infinity Process. A highly technological finish, providing Recacril® with long-lasting protection against mold and mildew, excellent water and oil repellency, and protection from the sun. However, the accumulation of dust, pollution particles, foreign organic materials, and general dirt can damage this protection, shortening the life of the Recacril®.

To preserve the look of your umbrella they should be removed. The most effective method for maintaining Recacril® is to clean the canvas once a month with water using a low-pressure hose. It is very important that after cleaning with water, the canvas be allowed to completely dry before rolling or storing your umbrella. If for any reason you have to roll and/or store a wet umbrella, it must be unrolled and opened as soon as possible to dry. In times of continuous rain, it is advisable to keep the umbrella rolled and stored.

If periodic washing with water is done, in most environments, you should only need to do a more thorough cleaning every 2-3 years.

VINYL CARE
The most effective method for maintaining Frankford’s heavy gauge vinyl is to clean the vinyl once a month with water using a low-pressure hose to prevent the accumulation of dust, pollution particles, foreign organic materials, and general dirt stains. For more embedded stains, brush the loose dirt away with a soft brush, rinse the vinyl material with a low-pressure hose and use a vinyl cleaner, sponge and lukewarm water to scrub away stubborn stains.

Do not use dish detergent. This will dry out the vinyl and expedite the aging process of the vinyl material.

UMBRELLA BASE CARE
Do not let dirt build up on the bases. Bases should be cleaned with mild soap and water. Seasonal touch-up of any scratches, chips, occasional rust seepage from crevices or hidden or unfinished surfaces inherent in some designs is all that is required. Never leave bases standing in water. To keep your bases looking their best, you may wish to store them when not in use for an extended period of time.

DISCLAIMER: Finishes will vary slightly depending on the final process and raw materials on which it is applied.

CASUAL CARE & CLEANING
• Brush off dust and dirt with a soft brush. NEVER brush with stiff brushes since this can damage the fabric finish.
• Spray the umbrella with clean water. If a hose is used, avoid high pressure.
• Prepare a solution of solvent-free soap in warm water (no more than 100°F) and apply it to the fabric and stitching.
• Scrub with a soft brush, allowing the solution to penetrate the fabric.
• Rinse with water to remove all traces of soap.
• Let air dry and do not close the umbrella until the canvas is completely dry.

INTENSIVE CARE & CLEANING
Recacril® is highly resistant to the growth of fungus, mold, and mildew. However, these can grow on embedded dirt. To clean these stains, follow these more intensive cleaning procedures.

• Brush off dust and dirt with a soft brush. NEVER brush with stiff brushes as this can damage the fabric finish.
• Prepare a solution with 10% household bleach, 20% solvent-free neutral detergent (Free & Clear detergents) and 70% water.
• Apply the solution to the fabric, allowing to remain between 15 and 20 minutes maximum.
• Rinse with clean water several times. Any bleach residues remaining on the canvas, combined with the sun, could damage the fabric and stitching.
• Let air dry and do not close the umbrella until the canvas is completely dry.
• Repeat the process if necessary.
