Product Gallery 2019
Thank you for choosing OW Lee.

For over 70 years, OW Lee has been dedicated to the design and production of fine, handcrafted outdoor furniture. From our manufacturing facility in Ontario, California, artisans combine centuries-old techniques with state-of-the-art equipment to produce beautiful outdoor furniture.

Through four generations, OW Lee has maintained its commitment to quality and we will continue to produce the finest handcrafted outdoor furniture available.

OW Lee, an American family tradition since 1947.

### PRODUCT INFORMATION

1. CARE & MAINTENANCE
2. RETAIL WARRANTY
Truly an American family tradition, OW Lee Company was established in Pasadena, California, by Oddist W. Lee in 1947 as a wrought-iron gate manufacturer for the luxurious estates of Southern California. Due to increased requests from local patio furniture store owners, Oddist began to design and sell high-end patio furniture directly. In 1954, he incorporated under the name OW Lee Company.

Oddist’s son, Bob, joined his father after high school and continued in the business after Oddist retired. Throughout the 1970s, 80s, and early 90s, Bob Lee and his wife, Beverly, established OW Lee Company as a well-known and reputable manufacturer in the ever-growing outdoor furniture industry. In 2008 Bob and Beverly received the Lifetime Achievement Award from the International Casual Furnishings Association in recognition of their exemplary contributions to the casual furniture industry and to their communities.

The third and fourth generation of the Lee family maintains Oddist’s commitment to quality more than 60 years later. Bob’s daughter Terri and son-in-law Chris are continuing to build OW Lee into the premier name in casual furnishings. The OW Lee name stands for quality, and as a family-owned business, they have pledged to continue the tradition started in 1947.
“Quality (Noun)
The standard of something as measured against other things of a similar kind; the degree of excellence of something.”

OW Lee stands for quality.

We do everything possible to make furniture that stands up to:

- Structural Failure
- Corrosion
- Rusting
- Oxidation
- Mold and Mildew
- Rain Water Retention
- Fading
- Disintegration from UV Rays
- Chemicals
- Stains

We invite you to learn about the steps we take to ensure your OW Lee furniture lasts for generations.

Frames & Finish

OW Lee employs an extensive process to apply a long-lasting powder coating finish to our frames. Using a chemical reaction, tiny paint-like particles known as “powder” adhere to the frame.

The chemical reaction in powder coating causes the particles to spread evenly into every corner and crevasse of the frame, preventing exposed metal which can cause corrosion. Our 5-step powder coating process includes two washing cycles, a zinc-rich primer coat, a baking process and then the final finish color is applied. This process puts a 4-6 mil thick finish on the metal, providing excellent protection against the outdoor elements.

Starting with raw materials, OW Lee adheres to the highest quality standards. Our raw aluminum and iron tubing and sheets used to make chair, table, and fire pit frames is often the most durable available on the market.

Wherever there is an intersection of metal, we use a full-circumference weld to join the metal together.

Steel and aluminum pieces are bent into exact shapes and then hand forged with a hammer and anvil, a process unchanged since blacksmiths in the middle ages.

While shopping, you may notice that OW Lee chairs are much heavier than other outdoor chairs. This is evidence of the thicker material we use. The thicker material is much more durable for outdoor use.
Cushions

Our outdoor foam has anti-microbial properties to prevent mold and mildew and is made of an “open cell” material which allows water to pass through the foam.

The polyester fiber dacron wrap provides soft yet durable comfort while resisting absorption of fluids or allowing for bacterial growth.

Cushion style used for dining, ottoman, and chaise cushions.

Tenara® thread is made from specially engineered fluoropolymer, not polyester like typical thread. Tenara thread is UV and water resistant, and will not break down from harsh chemicals such as bleach or chlorine.

OW Lee uses polyester Velcro to attach the cushion to the metal frame which has better UV resistance than traditional nylon Velcro.

Cushion style used for deep seating cushions. (lounge chair, sofa, sectional, etc.)

Internal baffled construction prevents fill from shifting.

Spun water resistant fabric repels moisture and has a high breathability factor that allows for longer lasting comfort and immediate recovery.

The indoor residential foam core provides the same type of comfort as fine indoor upholstered furniture and maintains original shape.

The cluster fill is comprised of “down” like clusters of soft polyester fibers for enhanced resiliency and softness.

All Stock fabrics are 100% solution died acrylic. In “solution dyed” fabric every fiber in the yarn receives dye. Solution died fabric is more fade resistant than traditionally died fabric. The fabric is mold and mildew resistant and holds up to chemicals well (think about pool chlorine and bleach cleaning). It also and has water wicking and quick drying properties.

Only the highest quality outdoor fabrics are used in creating custom tailored cushions that follow the lines of the collection and fit each piece of furniture perfectly.

Each cushion is expertly sewn by hand in the Ontario, California.
“Innovation” (Noun)

A new idea, device, or method; the act or process of introducing new ideas, devices, or methods

Flex Comfort™ is a knitted UV-enhanced polypropylene and elastic co-polymer fabric which offers the same ease of maintenance as a sling product but with more conforming flex for supreme comfort.

- Available on select OW Lee collections in dining, lounge seating and chaise lounges. (Shown at left: Pacifica Dining)
- Breathable fabric does not retain heat like sling or metal seats do.
- Utilizes mushroom hook style Velcro which ensures the flexible seat and back stays in place, but is also removable for future replacement of the seats and backs.
- The made-to-fit product means less waste and therefore less environmental impact. It is breathable and dries quicker than foam related products.
- Available in six colors: Black, Brown, Charcoal, Cocoa, Silver, & Slate

Porcelain Tops

Our porcelain table tops contain three layers: the substrate, the adhesive, and the porcelain tile with grout, wrapped by a metal rim.

1. The substrate is the “foundation” of the table top. It is made of two lightweight aluminum sheets with a honeycomb structure sandwiched in between. The honeycomb shape is the strongest shape in nature and provides lightweight strength for the table top. This same material is also used on the sides of skyscrapers for the same reasons.

2. The next layer is an epoxy glue that adheses the tiles onto the substrate. This adhesive is superior to using tile mastic or other types of bonds, because of a chemical reaction that takes place, creating a stronger bond as it dries. The epoxy adhesive is also waterproof.

3. Lastly, the tile is precisely set and an epoxy grout is used where tiles meet. Porcelain tiles are used over ceramic tiles or natural stone because they are denser and less porous which means they do not absorb water. In freezing temperatures these other materials are likely to split or crack when the water absorbed into the material freezes and expands. Our porcelain tiles not only repel water, but all other liquids as well, so it will not stain from spills. These porcelain tiles are commercial grade and very durable. The kiln-fired finish is as durable as the tile itself and will last for years. The metal rim protects the tile from breaking due to side impact. For example, when the back of a chair hits against the table.
The Aris collection applies mid-Century ergonomics to modern lines creating an attractive and superbly comfortable design. To achieve this comfort level, we have developed a two chambered ergonomically correct pillow back. With the Aris collection, we intend to prove contemporary and comfort can be synonymous. The Aris collection features dining arm chairs, swivel rocker dining arm chairs, counter and bar stools, lounge chairs, swivel rocker lounge chairs, two seat and three seat sofas, ottoman and chaise lounge. Additionally, OW Lee’s Modern Tables and Bases complement the lines and style of the Aris collection.

AVALON WROUGHT IRON

Wrought Iron Mesh patio furniture is an American way of life and OW Lee’s Avalon takes that classic style and steps it up a notch with Galvanized Steel Micro Mesh. Micro Mesh has a smaller diamond shaped expanded metal, offering more steel for the seating area. This creates a smoother and more comfortable seat as well as a sleeker and more contemporary look.

Avalon is the ideal collection choice for homes where practicality is a must. The dining chairs are comfortable with or without a cushion. Detailed hand forged scrolls and lumbar support are just a few of the details that makes Avalon a cut above the rest in the outdoor mesh category.

Avalon is a full-line collection and features dining arm chairs, swivel rocker dining arm chairs, counter and bar stools, club chairs, swivel rocker club chairs, two seat and three seat sofas, ottoman and chaise lounge.

For dining, bar and occasional tables refer to the Standard Iron Bases or Micro Mesh Tables in the Tables, Tops and Bases section.
BISTRO
WROUGHT IRON

Perfect for balconies, small patios, or intimate courtyards, the Bistro collection transforms a small outdoor space into a relaxing private getaway. The Bistro collection includes four unique chair styles in dining, counter, and bar heights, as well as backless counter and bar stools. In addition, the Signature style chair can be customized with your very own back design. Bistro chairs mix and match beautifully with pieces from other OW Lee collections but also make a statement as a stand alone collection.

12-MBS
Backless Bar Stool

#12-S Seat Cushion Optional
29"H x 15"W x 15"D
For dining, bar and occasional tables refer to the Standard Iron Bases in the Tables, Tops and Bases section.
CAMBRIA
WROUGHT IRON

Cambria's design was inspired by a growing urban population that values their free time and wants to spend time relaxing and entertaining outdoors. Cambria includes OW Lee's signature arm-pillow pocket design in a smaller footprint chair to fit most outdoor spaces. Additionally, the club dining chairs in the Cambria collection provide for an even more flexible use of smaller outdoor spaces while retaining that ultimately comfortable sit.

Designed with the utmost comfort in mind, Cambria envelops you in pillowed cushioning for ultimate outdoor relaxation. With 100% solution dyed acrylic fabric and entirely weatherable cushion materials, Cambria brings the comfort of any indoor space to your outdoor room year round.
For dining, bar and occasional tables refer to the Standard Iron Bases in the Tables, Tops and Bases section.
CLASSICO
WROUGHT IRON

Classico is our broadest collection line and one of our top selling groups. This Wrought Iron collection features hand-forged scrolls and galvanized riveted steel strapping. Classico offers extremely comfortable seating in traditional wrought iron. Classico is available in bar height dining, deep seating, including our famously comfortable Spring Base Club Chair, as well as dozens of other collection pieces to fully complete your outdoor area.

Galvanized steel strapping make up the seat and the back with supportive and decorative rivets which connect the interwoven straps together. Arms are embossed flat bar giving a comfortable, smooth and attractive complement to the galvanized steel frame.

CREIGHTON
STEEL

The Creighton collection is a fully customizable sectional deep seating group that truly embraces modern-industrial design. Inspired by trestle style iron work often used in industrial capacity, this group offers details of a bygone era with modern styling. The Creighton collection is available in left, right, center, and corner sectional pieces, left and right sectional chaise pieces, as well as a club chair, 30” sq. side table and matching 42” sq. Occasional height fire pit, Creighton is functional in any space.

CREIGHTON
The Gios collection was designed with both form and function in mind. Designed with a distinct and refreshingly simple take on contemporary outdoor furniture it functions as a comfortable yet sophisticated and elegant gathering place for friends and family. Gios’ rectangular tube Aluminum Frame allows for increased durability, and the contoured back allows for exceptional support and comfort. The angled arms also allow for more elbow room and a sense of style. Gios’ durable glides protect the frame and surface and allow for easy placement around your outdoor entertainment space. Gios is a full line collection including dining and deep seating. Additionally, OW Lee’s Modern Tables and Bases complement the lines and style of the collection.

For dining, bar and occasional tables refer to the Modern Bases in the Tables, Tops and Bases section.
The simple modern lines of the Lennox collection are inspired by designs of the 50’s and 60’s that made functionality a priority. Most pieces in this group are designed to efficiently stack for easy storage. With a spirit of mid-Century design and updated materials such as galvanized steel tube and expanded metal mesh, Lennox embodies the mantra of form follows function. The Lennox collection features dining arm chairs, side chairs, stationary counter and bar stools, chaise lounge, and tables.
LUNA
WROUGHT IRON

Reminiscent of a dipping moon reflecting off the surface of a lake, Luna’s distinct semi-circle profile is a new take on a classic look. With bold materials and generous cushioning, the Luna collection is entirely unique in outdoor furnishings.

Luna features club dining arm chairs, club swivel rocker and spring base dining arm chairs, lounge chairs, swivel rocker lounge chairs, two seat and three seat sofas, ottoman and chaise lounge.
For dining, bar and occasional tables refer to the Hammered Iron Bases in the Tables, Tops and Bases section.
The neo-Classical styling’s of the Madison collection is rooted in the popular look favored by the Founding Fathers. Refined Greecian elements gives this collection a sophistication that few match.

The cast aluminium back panel is countoured to support your back and provide the ultimate comfort. In addition, the frame is constructed of 1” Sq. aluminum tube and a 1 ⅝” x¼” aluminum flat bar for increased arm and elbow comfort and support. Madison’s seating cushions are constructed of our Plush Comfort™ cushioning system, providing the most comfortable seating that resist the absorption of fluids.

Madison is a full-line collection and features dining arm chairs, swivel rocker dining arm chairs, counter and bar stools, club chairs, swivel rocker club chairs, two seat and three seat sofas, ottoman and chaise lounge.
For dining, bar and occasional tables refer to the Standard Aluminum Bases in the Tables, Tops and Bases section.
The Marquette collection combines both French and English styling to create a collection of elegant lines mingled with a touch of Tudor styling in easy care Wrought Iron. Hand forged extra-wide arms, a pillow-back cushion on the deep seating, and spring steel seat straps gives this collection added comfort. Marquette’s back seat is interwoven and stamped with aluminum rivets. The back is countered for back support and comfort. In addition, Marquette’s arms are hand forged and constructed of 1 1/2” extra-wide flat bar that provides the perfect arm support. Marquette’s seating cushions are constructed of our Plush Comfort™ cushioning system, providing the most comfortable seating that resist the absorption of fluids. Marquette is a full-line collection and features dining arm chairs, swivel rocker dining arm chairs, counter and bar stools, standard and high-back club chairs and swivel rocker club chairs, two seat and three seat sofas, ottoman and chaise lounge.

MONTERRA
WROUGHT IRON

The Monterra collection’s lines are a direct result of casual elegance at its best. With simple curves and a touch of sophistication this set will give you comfort and class in Wrought Iron. The artisan style craftsmanship can be seen and felt in the hand-hammered details. Back and arm cushions curve and embrace you for a comfortable indoor feel. Tufts and buttons on the back and arm cushions complete the look of this unique collection.

Made from ¾” tubular steel that gently curves to the shape of your back and 1¼” embossed flat bar that joins the arms into the back to create a smooth rounded nest for summer time relaxation. Each piece is also detailed with hand hammered rivets for an aged look and feel. Monterra is a full-line collection and features dining arm chairs, swivel rocker dining arm chairs, counter and bar stools, club chairs, swivel rocker club chairs, two seat and three seat sofas, ottoman and chaise lounge.

Modern lines meets luxurious comfort in the Pacifica Collection. With clean lines and gentle curves, Pacifica is reminiscent of the gently rising swells that roll onto the California beaches as the tide rises at sunset. Included in this collection is the new proprietary Flex Comfort™ that allows for the extreme comfort of cushioned seating with sling-like ease of maintenance.

The Pacifica collection features a dining arm chair, swivel rocker dining arm chair, lounge chair, swivel rocker lounge chair, love seat, sofa, ottoman, chaise lounge, left/right/center/corner sectional pieces as well as entertainment tower and console. Additionally, OW Lee’s Casual Iron Table Bases complement the lines and style of the Pacifica collection to create the best outdoor experience.

Flex Comfort
For dining, bar and occasional tables refer to the Casual Iron Bases in the Tables, Tops and Bases section. See page 135 for Flex Comfort colors and page 119 for tile options.
The Palisades collection embodies a transitional California style that embraces a modern feel applied to traditional form. A statement of design and sophistication, Palisades uses bold lines and distinct craftsmanship to draw the eye and become the centerpiece of your outdoor room.

Made from a 100% tubular Aluminum Frame and finished with a weather-proof powder coat finish, the Palisades collection exudes durability and elegance. Palisades’ seating cushions are constructed of our Plush Comfort™ cushioning system, providing the most comfortable seating that resists the absorption of fluids. Palisades is a full line collection featuring dining, deep seating and lounge pieces.
For dining, bar and occasional tables refer to the Standard Aluminum Bases in the Tables, Tops and Bases section.
The Pasadera collection is a transitional look with a hint of traditionalism that fits into any backyard style seamlessly. Included in this collection is the new proprietary Flex Comfort™ system on the dining and chaise pieces. Flex Comfort allows for the comfort of cushioned seating with sling-like ease of maintenance. The deep seating pieces also include our new Sytex™ seat support, that when combined with our Plush Comfort™ cushioning system, provides the ultimate in comfort. Pasadera is a full line collection featuring dining, deep seating and lounge pieces.

For dining, bar and occasional tables refer to the Casual Iron Bases in the Tables, Tops and Bases section.
The rustic design of the Ridgewood collection was inspired by the classic log-and-beam trestle work of railroad bridges found throughout the American West. Details like hammered rivets and wood-grain embossing further add to this distinctly American design. The Ridgewood collection features a dining arm and side chair, swivel rocker dining arm chair, counter/bar stools, lounge chair, spring base lounge chair, swivel rocker lounge chair, love seat, sofa, ottoman, and chaise lounge. Additionally, OW Lee’s Casual Iron Table Bases complement the lines and style of Ridgewood.
For dining, bar and occasional tables refer to the Casual Iron Bases in the Tables, Tops and Bases section.
SAN CRISTÓBAL
WROUGHT IRON

Designed to display the beauty of Wrought Iron, San Cristobal embraces the ornate and gracious curves only attainable through true craftsmanship. The intricate details of the San Cristobal collection achieves what mediums such as cast aluminum mimic. Details such as hammered bar tubing, hammered arms, and hand forged scroll-work in the back are a tribute to artisan iron work.

The deep seating of the San Cristobal collection creates a level of comfort not found in other outdoor seating manufacturers. The table bases of the San Cristobal collection are painstakingly forged by hand from solid bar stock to attain a genuine Old World feel.

SIENA
WROUGHT IRON

The simple yet elegant lines of the Siena collection evoke a traditional flair of 19th century Italian farmhouse living. With details such as fluted square and flat bar, twisted steel top bar, and hand forged scroll work, this collection is as timeless as it is beautiful. Although smaller in scale, this collection features our proprietary PlushComfort® cushioning system to maximize comfort. Siena is a full-line collection and features dining arm chairs, swivel rocker dining arm chairs, counter and bar stools, lounge chairs, swivel rocker lounge chairs, two seat and three seat sofas, ottoman and chaise lounge.

For dining, bar and occasional tables refer to the Standard Iron Bases in the Tables, Tops and Bases section.
The bold lines of the Sol collection were inspired by the rising sun emerging above the rugged, soaring mountains of the American Southwest. This collection’s use of bold 1”x2” hammered tube gives a truly rustic quality while maintaining distinctly modern lines. Sol features a club dining arm chair, club swivel rocker and spring base dining arm chairs, lounge chair, swivel rocker lounge chair, love seat, sofa, ottoman and chaise lounge.
For dining, bar and occasional tables refer to the Hammered Iron Bases in the Tables, Tops and Bases section.
The sleek modern lines of the new Studio collection are inspired by mid-century and contemporary design. This all-aluminum group makes Studio perfect for coastal locations and is a good fit in any modern space. Included in this collection is the new proprietary Flex Comfort™ that allows for the extreme comfort of cushioned seating with sling-like ease of maintenance. The Studio collection features a dining arm chair, swivel rocker dining arm chair, lounge chair, swivel rocker lounge chair, ottoman, bench, chaise lounge, and left/right/center/corner sectional pieces.

CASUAL FIRESIDE
FIRE PITS

The HOTTEST Outdoor Trend...
Entertaining outdoors has never been so fun! OW Lee fire pits are the leading brand when it comes to reliable, quality fire pits and tables. Enjoy your OW Lee fire pit with friends and family for years to come!

- Hundreds of customizable options
- Made in America
- Portable as one unit
- Natural gas conversion kit available
- 32k-65k BTU Rating (depending on the unit)
- ANSI and CSA certified
- Easy tank access

OW Lee fire pits are certified according to ANSI and CSA (Canadian) safety standards by Labtest Certification Inc., located in Las Vegas, NV. Labtest is an accredited independent third party testing certification laboratory which performs various tests to ensure the reliability and safety of every OW Lee fire unit. In addition, every fire pit and fire table is tested in the factory before shipping.
MATERIAL
OW Lee uses iron, steel or aluminum in the construction of their fire pits and fire table bases. Tops are made of porcelain tile, cast aluminum, hammered copper or sheet metal. Only the highest quality materials are used.

Porcelain Tile
Hammered Copper
Cast Aluminum
Plate Aluminum
Wrought Iron
Steel
Aluminum

SIZE & HEIGHT
OW Lee has sizes from 30” round to 44”x 84” and more than a dozen sizes in between. Choose from two heights to compliment seating, as well as dining and counter heights.
HEARTH TOPS

OW Lee has a wide variety of hearth top sizes, from 30” round to 44”x84” and everything in between. Certain sizes will not be available in every fire pit style; see fire pit size listings on the following pages.
OPTIONS
Choose from fourteen tiles, two accent tiles, thirteen finishes, two rims, and fifteen media options.

PORCELAIN TILE
For use on Santorini, Capri, Marina, Vulsini, Metrop, Creighton, Zen and Zentu fire pits.

RIO GLASS ACCENT TILE
For use on select Santorini, Capri, Vulsini, Metrop, Creighton, Zen and Zentu fire pits.

RIM STYLE
Choose standard or hammered edge rim for use on Santorini and Capri fire pits.

- COM0454 Gel Fuel - Citronella Scent For Copper Fire Pillars

Size of lazy Susans, glass guards, ornate guards, flat covers, and dome covers reference the size of the burner for each fire pit.
UMBRELLAS

#U-13CB
13’ Cantilever Umbrella
Brown Frame
See page132-134 for fabric selection

#U-9MB
9’ Collar Tilt Market Umbrella
Brown Frame
See page132-134 for fabric selection

#U-9MK
9’ Collar Tilt Market Umbrella
Black Frame
See page132-134 for fabric selection

#375B-Base
Brown Umbrella Base
For use with 13’ Cantilever Umbrellas

#40-Base
40 lb. Umbrella Base
For use with 9’ Market Umbrellas
Specify OW Lee Finish

13’ Cantilever Umbrella
- Sand fillable base (375-400 lbs.)
- Step on 360° Rotation
- Canopy tilts 90° side to side

9’ Collar Tilt Market Umbrella
- Collar Tilt Frame eliminates over-cranking which may snap the line.
- Collar Tilt allows for unlimited tilt angles unlike push button tilt which only offers one tilt position.

**Metal Frame Maintenance**

OW Lee metal furniture and fire pits are designed to require minimum maintenance. Metal frames/bases should be kept clean. Do not let dirt build up. Cleaning with mild soap and water, and seasonal touch-up of any scratches, chips or occasional rust seepage from crevices or hidden, unfinishable surfaces inherent in some ornate designs is required. Touch-up pens in matching frame colors are available through your retail dealer. Never leave furniture or fire pit standing in water. To keep your furniture or fire pit looking its best, you may wish to store or cover it when not in use for an extended period of time. More frequent care & maintenance may be required in coastal areas.

**Cushion Care**

OW Lee offers quality 100% solution dyed acrylics and only the finest outdoor foam and fiber fillings. Fabrics have been treated to resist stains and water before leaving the factory. Regular cleaning with mild soap and water using a sponge or soft scrub brush is all that is required.

**Porcelain Table Tops & Hearth Tops**

Regular cleaning, using a damp rag with plain water to remove minor dirt and dust is all that is required. All-purpose household cleaners can be used on porcelain tile. Soapless detergents such as Spic and Span® or 409® can also be used. Rinse with clean water and wipe dry to prevent water spots. Cleaning products available from your local grocery or hardware store can be used to remove soap scum, hard water deposits, and mildew stains from the tile. Be sure to consult the cleaning product’s instructions to ensure the product is recommended for your type of tile. After cleaning, rinse well and wipe dry. For detailed information on the care and maintenance of your OW Lee Porcelain tops and hearth tops, please visit www.owlee.com.

**Authentic Hammered Copper Table Tops & Hearth Tops**

Use only light hand soap and water to clean regularly. We recommend non-alkaline hand soap. Do not use an abrasive pad or scrub profusely when cleaning. Copper is a relatively soft metal and will scratch or mar if too much force is used when cleaning. We recommend softly cleaning with a cotton wash cloth or rag. Copper is a “living surface”. Use coasters and placemats when enjoying the Hammered Copper table or hearth top. Acids in soft drinks, beer, or any number of beverages may interact with the patina coating. The same is true for a variety of foods. We recommend you keep the top dry. Continued exposure to water, i.e. repeated exposure to sprinklers or rain may cause the top to oxidize, causing the top to patina. If your top is scratched or comes into contact with an acid, a shiny spot of bare copper may appear. The spot will eventually age back to the original dark brown finish over time. For more detailed care and maintenance information please visit www.owlee.com.
LIMITED RETAIL WARRANTY

All warranties apply to the original owner only and begin at the date of purchase. Proof of purchase is required with all claims.

Frame Your OW Lee frame comes with a twenty (20) year structural warranty when properly maintained in ordinary home use. OW Lee will, at factory option, repair or replace any OW Lee furniture that has failed structurally during normal use and regular maintenance.

Finish OW Lee offers a five (5) year warranty for frames against blistering, peeling, or fading of the frame finish under normal use and proper maintenance. OW Lee will, at factory option, refurbish or replace your OW Lee furniture if the above occurs within a five year period from the date of purchase. Occasional rust seepage from crevices and hidden unfinished surfaces inherent in some ornate wrought iron designs is considered a care and maintenance function and is not considered a finish failure. To retain the warranty, regular care and maintenance is required. More frequent care & maintenance may be required in coastal areas.

Cushions OW Lee offers a two (2) year warranty on the quality of the craftsmanship and construction of the cushion as well as Flex Comfort™ Parabolic fabric. This includes any fading or discoloration of the fabric, which has been properly maintained as listed in our care and maintenance instructions. Fabrics are constructed of various types of yarns and various numbers of yarns in the warp and fill. Such variations in construction result in variations in sag and sag recovery. SUCH VARIATIONS IN SAG AND SAG RECOVERY ARE SPECIFICALLY EXCLUDED FROM THIS WARRANTY. OW Lee will, at factory option, repair or replace your OW Lee cushions if determined defective as listed above within a two-year period from the date of purchase. C.O.M. fabrics are not covered under this warranty.

Porcelain Tops OW Lee offers a five (5) year warranty on all Italian Porcelain tops from date of delivery. This limited warranty covers the workmanship and structural integrity of the top. Samples displayed or provided to customers are a representation of that series color and are not expressed or implied to be identical. Porcelain tiles are manufactured to mimic natural stone. Some uneveness in the table top surface is considered normal. OW Lee will, at factory option, repair or replace any tabletop found to be defective during this warranty period. Regular maintenance must be exercised as set forth in the care instructions.

Rio Tops Due to the way in which the decorative glass is manufactured, giving it its unique opaque look, the appearances of imperfections such as air bubbles or hair line cracks may appear, but will not compromise the integrity of the top, it is not considered a failure, and is not covered under warranty.

Authentic Hammered Copper Tops/Pillars OW Lee offers a two (2) year warranty on all authentic hammerd copper tops and pillars from date of delivery. This limited warranty covers the workmanship and structural integrity of the top. The uniqueness of the natural materials rests in that no two pieces are ever alike. OW Lee will, at factory option, repair or replace any tabletop or pillar found to be defective during this warranty period. Regular maintenance must be exercised as set forth in the care instructions.

Cast Metal Tops O.W. Lee offers a five (5) year metal frame warranty on its cast/metal hearth and table tops. To retain its warranty, touch-up any scratches or chips. OW Lee will, at factory option, repair or replace any tabletop found to be defective during this warranty period. Regular maintenance must be exercised as set forth in the care instructions. In the event the furniture style, frame finish, fabric or table top has been discontinued, OW Lee will replace the product with a similar item.

Fire Pit Component Parts O.W. Lee extends a two (2) year warranty on all burner components under normal use and proper maintenance. OW Lee will, at factory option, repair or replace any outdoor fire pit burner found to be defective during this warranty period. Regular maintenance must be exercised as set forth in the owner’s manual. For more information go to www.owlee.com.

Other Component Parts Purchased component parts such as glides, fabric covers, umbrella bases, bolts, wheels, 9’ market umbrella frames, swivel bases, etc. that fail due to a manufacturers defect within two (2) years from the date of purchase, or 13’ cantilever umbrella frames that fail due to a manufacturers defect within two (2) years from the date of purchase, OW Lee will, at factory option, repair or replace the part in the original color or style, or a similar color and style if the part has been discontinued.

Items Not Covered Under Warranty (Residential)
- This limited warranty does not apply to any damage caused by shipping, accidents, fading, staining, natural weathering, misuse, alterations or repairs. No other person is authorized to assume liability on behalf of OW Lee, and in no event shall OW Lee be liable for any contributory or subsequent damage related to the merchandise purchased from OW Lee.
- OW Lee reserves the right to modify specifications as may be necessary. Please contact the factory to confirm specifications. ¾” tolerances are considered within spec.
- Any failure caused by unreasonable use or abuse.
- Rust seepage or bleeding from crevices or hidden, non-finished surfaces inherent in some ornate wrought iron designs.
- Rusting and/or oxidation of frames resulting from exposed metals that have been scratched, chipped or not maintained as outlined in the care and maintenance instructions;
- Natural fading or discoloration of fabrics beyond warranty period;
- C.O.M. fabrics (customer's own material);
- Normal fading of frame finish;
- Accidental damage (including fire, wind or other acts of God).
- Permanent stains caused by lotions, oils or other substances.
- Hard-water deposits or calcium build-up due to minerals found in regional water supplies.
- Table/hearth tops or bases installed and/or used with other manufacturer's table bases, table, or hearth top, or incorrect installation of the base to the table top or fire media.
- Furniture used for commercial or institutional use. (See Commercial Warranty at owlee.com.)
- Items that are repaired, refinshed or otherwise modified by any person or entity other than OW Lee.

Please Note: Regular maintenance must be exercised as set forth in the care instructions.

Return of Furniture PRIOR AUTHORIZATION from the factory or factory representative is required. You must be the original purchaser and be able to provide proof of purchase when you make a claim. To submit a warranty claim, contact the dealer where you purchased your furniture. If you are not sure how to contact the dealer, contact our warranty department at (800) 776-9533, via fax: (909) 947-6614 and/or via email at owleera@gmail.com.

If the complaint is covered by warranty and the furniture returned within 24 months from the date of purchase. OW Lee will arrange for freight pick-up and pay the surface freight from the dealer location to the factory. The consumer is responsible for freight charges to and from the factory if beyond the timeframe stated above. Return furniture must be cartoned for freight pick up. Furniture must have been used only for residential use as defined in the original purchase order.

Except as expressly provided herein, OW Lee makes no warranties, whether express or implied including, but not limited to, warranties of merchantability and fitness for a particular purpose. OW Lee's limited warranty claims may only be processed directly through OW Lee by the dealer who made the sale of the merchandise.

In the event the furniture style, frame finish, fabric or table top has been discontinued, OW Lee will replace the product with a similar item currently offered by OW Lee.
