Seaside Casual’s outdoor collection is a balance of traditional design recreated in modern materials. The coastal communities of the eastern seaboard have molded our aesthetic, while material advancements have allowed us to create a product that can withstand the elements.

We are for the space where the water meets the land.
This is our sanctuary... our seaside.
The HIP Collection brings Mid-Century Modern to outdoor living.

Equally elegant, industrial and casual, the HIP collection combines eco-friendly, weather proof EnviroWood® with powder coated aluminum frames to create a uniquely stylish, durable and comfortable dining experience.

Premium EnviroWood® colors
CARE & MAINTENANCE OF SEASIDE CASUAL EnviroWood® FURNITURE. Failing to properly care for your EnviroWood® furniture can void your warranty. Always follow the cleaning and care instructions to keep your furniture looking its best. Outdoor Fabrics should be cleaned of dirt, grime and mildew from time to time. Seaside produces specially formulated cleaning products that help to keep your outdoor furniture beautiful and last longer. Available exclusively through Seaside Casual authorized dealers.

MultiClean® Outdoor Furniture & Fabric Cleaner
Multi-Use Formula with PTFE

Specially formulated for both EnviroWood® outdoor furniture and fabrics. MultiClean® is the recommended cleaner for the Accents line of Color Block Pillows as well as all cushions and pillows from the Seaside catalog. In addition to its cleaning properties, MultiClean® also contains PTFE, a compound that adds a protective seal to outdoor surfaces.

Outdoor Furniture & Fabric Cleaner

Designed specifically to remove tough stains from EnviroWood® and other outdoor furniture. This all surface cleaner is ideal for the toughest dirt and mildew stains and helps to maintain the beauty of Seaside Casual Furniture.
Leading by Design

At Seaside Casual we believe thoughtful attention to detail creates the best design. We create original pieces without compromising comfort, strength or beauty. Our furniture is crafted for all environments, offering collections for any lifestyle.
Seaside Casual has developed multiple methods of concealing fasteners in many of our designs. From pocket screws to hidden brackets to the tap® system, we take every measure to ensure that we provide indoor furniture style and craftsmanship, for outdoor living.

The tap® Hidden Fastener System.

These custom molded plugs are made of the same UV and weather-resistant HDPE material as our furniture and are color matched and finished to blend in where applied. The tapered shape allows them to be easily set with a gentle “tap” without having to hold the plug in place.

Fusion provides ease in customization with an array of color and material selections. All-Weather Woven and EnviroWood® slats, panels and tops can be mixed with aluminum and EnviroWood® frames by simply selecting a color/material option for each element. Seaside Casual Fusion delivers bespoke style for all outdoor design inspirations.

Fusion Ordering Instructions: Fusion slats, panels & tops are available in contrasting colors to the frames in the Cafe, DEX, HIP, MAD, and SYM Collections. When ordering, start with frame color, then slat/panel/top color, then item SKU, as shown in example below for the SYM Pub Table:

<table>
<thead>
<tr>
<th>Frame Color</th>
<th>Slat Color</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

Our design philosophy centers around a belief that outdoor furniture should not have to sacrifice comfort and style for durability. EnviroWood’s eco-friendly, low maintenance benefits combined with our attention to detail, ensures that Seaside Casual Furniture remains strong and beautiful for a lifetime.

EnviroWood® Standard Colors offers the quality, comfort and beauty of traditional painted wood without the associated maintenance. It is crafted from recycled plastic bottles and is permeated with UV stabilized pigments.

EnviroWood® Premium Colors offer a textured, multi-toned finish, that provides a natural and sophisticated look and feel. New for 2019, Heathered Teak and Heathered Smoke will be offered across a curated selection from the Seaside catalog and carry a slightly higher cost than standard EnviroWood® colors.

Materials and Colors

- **EnviroWood® Standard Colors**
  - White [02]

- **White Wash [52]**
- **Cocoa Bean [53]**
- **Slate Gray [57]**

Hidden Fasteners

Seaside Casual has developed multiple methods of concealing fasteners in many of our designs. From pocket screws to hidden brackets to the tap® system, we take every measure to ensure that we provide indoor furniture style and craftsmanship, for outdoor living.

The tap® Hidden Fastener System. These custom molded plugs are made of the same UV and weather-resistant HDPE material as our furniture and are color matched and finished to blend in where applied. The tapered shape allows them to be easily set with a gentle “tap” without having to hold the plug in place.
Six collections of custom designed color block accent pillows, hand crafted from select combinations of solution-dyed Sunbrella® acrylic fabric. These stylish pillows combine color, pattern and texture with decorative features such as embroidered signets and welted highlights. Available in 20" square and 12" x 20" lumbar sizes that coordinate with our most popular outdoor fabric cushions and furniture. Concealed zippers with removable, 100% polyester fiber filled inserts for easy care and maintenance. Proudly made in the USA.

Cushions and Pillows

Many pieces in the Seaside Collection are available with custom tailored cushions for adding that finishing touch of comfort and style. Decorative pillows are also available to accent cushions and furniture. Our fitted cushions and accent pillows are crafted with materials from Sunbrella or Outdura, the leaders in outdoor performance fabric. These fabrics are stain, fade and water resistant, making them as tough as they are beautiful.

Modern Cushion Design

Cushions can be ordered with a variety of stylish and functional details. Choose from standard or welted (contrast or self) edge styles using industry leading Sunbrella and Outdura fabrics. Customize with Customer’s Own Material (COM) or add special features such as ties or Velcro straps.

Additional enhancements for premium outdoor performance include:

NuGrip Mesh: Cushions featuring NuGrip allow moisture and water to pass through freely for improved drying times, while also creating a strong non-slip surface reducing the need for ties and straps. NuGrip comes standard on DEX and Java Deep Seating Collections and may be added to any cushion code [N]. NuGrip cushions are non-reversible.

Sunbrella Rain: Cushions featuring Sunbrella Rain fabric resist water and moisture and require venting or NuGrip to allow for the quickest dry times in the industry. Select Rain fabrics are available on all deep seating options and may be added to respective cushion code [R] and are non-reversible.

Customized Throw Pillows

Seaside offers a wide variety of fabrics, sizes and styles which combine to create an almost limitless range of design possibilities. Choose from an assortment of grades, colors, textures and patterns. Customize and enhance pillows with welt or flange edge styles to create a truly unique expression of your taste and style.

Quick Ship Fabrics

Quick Ship Cushions detailed on the next pages can be ordered using selections from the samples below. Fabric availability varies with each cushion code. Other fabrics are available that are not included in our quick-ship line. To view all fabric options, visit a local retailer or download a PDF version at bit.ly/sscswatches. For additional customization, customers may also supply their own fabric. Contact Customer Service for further details.

Sunbrella Rain fabric cushions with NuGrip venting are available in the following three colors: Canvas Granite, Captains Navy, Mineral Blue. Sunbrella’s revolutionary Rain fabric repels water by expanding as soon as moisture makes contact, sealing the surface. The NuGrip vented bottom expels any incidental moisture while maintaining proper air flow throughout. NuGrip is also available by special order with standard fabrics on select collections.

Seaside offers over 100 Sunbrella and Outdura fabrics. Download the 2019 Fabric Swatch Book via this link: bit.ly/sscswatches
**Quick Ship Cushions:** Selectively stocked cushions are offered through our Quick Ship Program. These cushions typically ship in 5-8 business days. Fabric availability varies with each cushion code. See chart below for Quick Ship availability. Items below not noted as Quick Ship are available to order under our standard cushion and pillow offerings listed on page 69.

10 reasons to choose Seaside.

1. MADE IN THE USA.
   We began making furniture at our Rhode Island location in 1985. It started as a hobby with just one Audubon chair. With the encouragement of our local community, we began making and selling more chairs. Today, Seaside Outdoor is a collection of over 100 products.

2. ENVIRONMENT.
   In 1996 we introduced EnvironWood—a 100% High Density Polyethylene (HDPE) lumber made from recycled plastic bottles and containers. EnvironWood is permeated with UV stabilized pigments that are consistent throughout the entire deck. The result is a smoother and more durable finish that prevents checking and creates bending of the surface.

3. INDOOR COMFORT & STYLE.
   Our furniture is made with 100% HDPE lumber. Made from recycled plastic bottles and containers, EnvironWood is permeated with UV stabilized pigments that are consistent throughout the entire deck. The result is a smoother and more durable finish that prevents checking and creates bending of the surface.

4. STAINLESS FASTENERS.
   All stainless steel fasteners are non-creased metal. Our grade stainless or plated components are easily concealed in high-visibility environments. We use marine-grade stainless steel (316) to ensure superior protection when exposed to the elements.

5. SOLID AS A ROCK.
   Unlike molded products, our frames are constructed with HDPE lumber components that are designed to withstand temperatures and soil changes. Structural aluminum is used to reinforce frame members in key locations. The result is a product that will not slip, tip, or turn over on your patio, deck, or lawn.

6. SLATS AND SPACES.
   Appropriately spaced slats are the difference between support and the feeling of “falling through” the seat or back of your chair.

7. IT ONLY HAS A GOOD SIDE.
   All of our products are consistently finished on all surfaces. This means all backs and seats are stained and supported so that they look and feel great even when cushions are not in use.

8. CUSTOM UPHOLSTERY.
   We offer a wide selection of custom fabrics, textures, and colors from Sunbrella and Sunbrella fabrics. These premium fabrics are resistant to fade, rot, and mildew, and offer a lifetime warranty. The Sunbrella fabric is available in over 150 colors and styles, so you can enjoy more time enjoying it and less time waiting for cushions to dry.

9. TAKE IT FOR A TEST DRIVE.
   We test the durability of our products constantly throughout the design phase. We believe our customers should have the opportunity to do the same when making a purchase. Because of this belief, we invite our customers to get a sample and experience the difference that we expect and the service our customers appreciate.

10. PEACE OF MIND.
    Most of our products are backed with a 20-year warranty that offers the support and confidence of a family-owned company with over 100 years in the business.
