GREEN/ALLEY

OUR CORE VALUES

Guided by our core values, we'll continue to make hard work and dedication a priority so our customers are not just satisfied with our products and services, but are sincerely delighted.

COMMITMENT

A focus on leadership, the dedication and longevity of our employees and a strong customer service desire to make things right.

RESPONSIVENESS

An efficient manufacturing process, short lead time of product delivery and immediate customer service follow-up, from estimating to order processing to issue resolution.

RELIABILITY

The durability and longevity of our products, designed to be functional and maintenance-free and backed by our warranty.

VALUE

We believe in providing an excellent product at a reasonable price.

5-YEAR WARRANTY

(ON ALL PLASTISOL & POWDER-COATED ITEMS)

Exceptional beauty. Unbeatable guarantee.

Unlike the competition, our warranty doesn't require complete rust-out or structural failure. Any peeling or surface rust whatsoever within the first five years means we'll make it right for you.

LOW PRICES

Wabash Valley works hard to keep prices low, even though our products often are significantly better quality than the competition. Compare, and you'll see what we mean.

GREAT SERVICE

We built our business on responsive service, because we know you've got deadlines to meet, too. You can count on Wabash to meet your needs.

ONE GREAT NAME. THREE DISTINCT BRANDS

Wabash Valley offers a large selection of tables, chairs, litter receptacles, planters, umbrellas and more, all available in numerous styles, colors and finishes to fit whatever your need—functional, elegant, eco-friendly, always reliable—without the high price. Under one roof, you'll find an amazing variety of styles and colors in our three product lines:

WABASH VALLEY

A CLOSER LOOK

WABASH VALLEY PLASTISOL

Our flagship product line, Wabash Valley's Plastisol-coated outdoor furniture will weather the elements and heavy-use environments where utmost durability is the pre-eminent criterion. Think of the worst weather conditions you can imagine—rain, sleet, salt spray. That's exactly what we've designed our extensive line of Wabash Valley outdoor furniture and site amenities to withstand, thanks to their tough Plastisol coating.

Our extensive selection of Plastisol-coated outdoor furniture and site amenities consist of ¼" Plastisol coating, heat-fused and permanently bonded to the steel—that's 30 times the thickness of paints and powder coatings. All Wabash Valley framework is coated with baked-on polyester dry powder, which provides a superior coating and appearance. Stainless-steel hardware is used on all products.

urbanscape® POWDER COAT

The high-end style of Urbanscape's line of powder-coated furniture fits perfectly in urban or retail environments—sleek lines, unexpected designs. If rust and corrosion are a concern, Urbanscape has you covered with many offerings that are 100% aluminum and give you a more architectural look that's built to last. Although Urbanscape's look is high-end, it isn't high-priced. Our line can fit any budget just as well as we fit into almost any landscape. So you get a head-turning look without the eye-popping costs—just one more way Urbanscape is the smarter choice.

GREEN VALLEY RECYCLED

Our Green Valley product offering is constructed with PolyTuf™ recycled lumber made from post-consumer plastics. This environmentally friendly line offers the look of wood, but without cracking and fading. Green Valley products offer environmentally friendly alternatives. Constructed with PolyTuf™ plastic lumber custom-extruded from recycled plastics, Green Valley benches, picnic tables and receptacles are long-lasting and nearly maintenance-free. They also don't have the drawbacks of real wood, such as fading, insects, cracking and splintering.

Unlike most wood and wood-composite products that quickly fade when exposed to the weather, the PolyTuf™ surfaces have no wood fibers so they retain their vibrant look for years. In addition, they don't need waterproofing, staining or any maintenance other than an occasional washing with soap and water.

POWDER-COATING — THE DETAILS

All Wabash Valley and Green Valley framework and all of Urbanscape products consist of powder-coating that goes through a six-step coating system that exceeds AAMA 2604-05 (American Architectural Manufacturing Association) test specifications—one of the highest in the industry.

First, all parts are cleared to white metal with a state-of-the-art shot blast system. Then they go through a five-stage chemical pretreatment, after which they are gel cured. Then a top coat of a super-durable polyester powder is applied before the final cure.

Our coating stands up to some of the toughest test specifications, including adhesion, abrasion resistance, chemical resistance, erosion resistance and fade resistance to ensure that our products will last longer than anyone else's.

OXFORD | POWDER-COATED

Designed by John Caldwell Design, the breathtaking curvature and vertical lines of the Oxford collection recall the majesty of a cascading wave. Even while seated on an Oxford bench, everything in the line makes one think it's in a constant flowing state. And, just like our Ashley collection, everything in our Oxford line is made entirely from aluminum, meaning it's completely protected from rust and corrosion.

While the look may be soft, its build quality is anything but. Underneath the Portage collection's clean and streamlined appearance is Urbanscape's strong and rigid all-steel framework, topped off with our revolutionary powder-coating process. Add it up, and the Portage gives you a simple design adaptable to a wide variety of environments, with unbeatable durability and quality.

GREEN VALLEY | POLYTUF™ – RECYCLED PLASTIC

Green Valley products offer environmentally friendly alternatives. Constructed with PolyTuf™ plastic lumber custom-extruded from recycled plastics, Green Valley benches, picnic tables and receptacles are long-lasting and nearly maintenance-free. They also don't have the drawbacks of real wood, such as fading, insects, cracking and splintering.

Unlike most wood and wood-composite products that quickly fade when exposed to the weather, the PolyTuf™ surfaces have no wood fibers so they retain their vibrant look for years. In addition, they don't need waterproofing, staining or any maintenance other than an occasional washing with soap and water.

FAUX-WOOD UMBRELLAS

The 9' Faux-wood umbrellas (UMC532N) offer a distinctive look. Using a push-up and pin-lift mechanism, these umbrellas have a one-piece, 1 1/2" diameter FiberTeak™ simulated wood pole and are made with a solid wood hub (5" height by 3 1/2" diameter) with stainless steel hardware. They feature marine-grade fabric for standard tops, 8 1/2" diameter flexible fiberglass ribs—which match the simulated wood grain of the pole—molded nylon joints and end tips, a single, sewn-in vent and storage ties. The FiberTeak™ finial matches the selected pole color, which is available in Teak or Chestnut.

7.5' & 9' MARKET UMBRELLAS

FiberBuilt umbrellas are some of the toughest on the market. They are a unique line of umbrellas that are made not only to endure weather conditions, but also to provide the consumer with quality, choice and longevity. What clearly distinguishes the FiberBuilt umbrellas are their nylon joints (yokes), spindle and end tips and their fiberglass support ribs. Unlike traditional metal and wood ribs, their fiberglass ribs are strong and resilient, bending and flexing to absorb wind without breaking or disfiguring. This durability, combined with an inherent resistance to rust and corrosion, results in umbrellas that last four to five times longer than traditional steel- or wood-ribbed umbrellas.

UMBRELLA Options

Wabash Valley can add logos to any market umbrella. Please consult a sales representative for more information.

ORDER INFO

Wabash Valley has the largest selection of color choices for our customers. With so many colors, there is an endless array of possibilities, from bright and bold to quiet and stately. Throughout this catalog, we have primarily shown our products in one Plastisol color (tops and seats) and the framework in another.

However, it is possible to order the tabletop, seats and framework in different colors to achieve that special look or theme. Be sure to specify color selections when ordering. Modifications to our standard colors will be considered on larger projects. Please contact one of our salespeople for information as to availability and prices.
