**LEGO**

With modular components that can be reassembled like toy bricks, the LEGO series was designed to be creatively versatile and fit for small spaces. The sofa has wide arms that can be used as a pillow when lying down, but also removed to reveal a built-in wooden table whose placement can be changed by adjusting the cushions. The sofa back, which is three-tiered, has a colour scheme that can be mixed and matched to add a personal touch. Crafted in weatherproof material that is both durable and easily maintained, the sofa is suitable for both indoor and outdoor use.

The LEGO double-deck side table provides stylistic contrast with its triangular top, designed for easy storage and access. The aluminium plate to create a second side table when needed.

PIBLOW

The PILLOW is the result of Kun’s exploration for the possibility of outdoor upholstery. Continuous adjustments were made during the development process to find the current structural proportion that merges functionality with streamlined aesthetics.

The back and armrest cushions of the collection resemble soft pillows - just like the collection name - whose coverings can be removed for easy cleaning. Wrapped with KunDesign Tex, a material with remarkable durability and resistance to outdoor conditions, the quick-drying cushions are designed to be placed outside. Seated on a teak or bamboo base frame to create a textual contrast, which are FSC certified in consideration of the environment. With versatile modular components, the Pillow sofa is suitable for all interior and exterior settings.

The legs of the Pillow chair is reminiscent of tree branches, which support a plump seating that is designed to embrace the body. Filled with quick-dry foam and easily maintained mesh linings, the Pillow chair is a practical solution for both indoor and outdoor settings.

**PENGUIN**

The structure of the table is inspired by the stance of a penguin, hence the name of this collection. With a ceramic top sitting on matte finished frames, the natural style of Penguin will integrate well with different designs. Crafted in materials that are weather resistant, this can be placed both indoors and outdoors.

**PIPE**

Minimalistic and modern, the design of the PIPE accessories has fully considered the product’s usage and movement, and can be well integrated into the outdoor potential storage space, or with a handle for convenient placement. The bar cart has a stable structure that can be easily maneuvered around.
