Enjoy the outdoors.

Family and friends. Spending good times together. Celebrating special moments. These are the important things in life. Doing them outdoors can make them even sweeter. As a family owned company since our start in 2001, Gensun’s focus is making sure life’s special moments outdoors are enjoyed with products that are beautiful, comfortable and durable. Our family takes great pride in producing outdoor furniture and kitchens that will stand the test of time.

We know that after a hard day you want to sit back and enjoy the quality of life. We work hard to make sure that you sit back and also enjoy the quality of the furniture in your life!
DESIGN
All Gensun products are designed using our dedicated development team at the factory. Our team of talented designers and engineers are involved in the product from concept through final production making sure it achieves the design aspirations, comfort and durability. The team will often work with Achella Design, an outside design company, that specializes in furniture design. Chris Panichella and his team have designed numerous collections for Gensun over the years.

CRAFTSMANSHIP
Gensun prides itself on producing high quality and high value furniture. This is accomplished with another group of talented people – our production team. Most of these employees have been with Gensun from the beginning. Their knowledge and skill can be seen in the rich detail of the final product. All of our products are made by hand and not mass produced. Great care and hard work go into every piece of furniture making sure the product is built with quality in mind at every step.

MATERIAL
The materials used in producing a product are just as critical as the craftsmanship. When a high-quality product is the final goal, you must start with high-quality materials. Gensun uses cast aluminum alloy 356, T5 and T6 temper aluminum extrusions along with paint, fabrics and outdoor wicker that meet or exceed industry standards for fading, wear and withstanding the outdoor elements.

SERVICE
The final group of people Gensun is proud to have as employees is the customer service team. This specialized team, considered the best in the industry, makes sure all the steps after production are done right. And if you ever need help they are on the other end of the phone – not a machine.

ENJOYMENT
The end result our dedicated team strives to achieve is the complete satisfaction of our customers and the enjoyment of living life outdoors with family and friends.
Unwind in the most luxurious of outdoor spaces with the Bel Air collection. This collection captures the graceful elegance and comfort of the finest furniture and combines it with meticulous craftsmanship and versatility. When a space is furnished with pieces from the Bel Air collection, it brings the best lounging, entertaining and beauty for years.

ALExEE

Always popular wicker, scaled to the comfort of upholstered indoor furniture, Alexee is a contemporary version of Victorian Era wicker. But, unlike natural wicker that needs to be sheltered from the weather, Alexee features a natural look synthetic wicker hand woven onto an extruded aluminum frame. Designed to perfection including detailing on the legs complementing wicker, Alexee is beautiful indoors and out.

AMARI

The streamlined design of Amari flows together effortlessly to form the precisely sculpted cast aluminum frame. Although the styling of Amari is reminiscent of authentic mid-century furniture, there is a more reserved character that adapts to a variety of tastes. The light and airy shape allows it to fit effortlessly into both contemporary and classic environments, while the ability to choose between woven or cushion seating further exemplifies its versatility.

The Jayne collection captures the relaxation of outdoor living with its enveloping softness and unique use of materials. Jayne’s seamlessly integrated straps surround you as you sink into its cloud-like cushions, and the teak finished aluminum arms give the warm look of wood without the maintenance. With its gracefully curved silhouette, modern detailing, and striking stance, Jayne is an inviting addition to any outdoor space.

Morro Bay blends modern simplicity with classical elegance. Inspired by neoclassical architecture, the collection complements traditional or transitional spaces alike. Its architectural, fluted legs meet with a sinuous, ribbon-like arm that starts and ends with a graceful volute, showcasing its neoclassical inspiration. Morro Bay honors the past with an eye to the future.

Versatile and not limited to any style, Plank stools and benches are the statement collection or the added plus.
True to its transitional style, the Treviso collection focuses on the delicate interplay and impeccable transitions between its lines and materials. The hallmark of Treviso is how the elegant back casting flows effortlessly from aluminum to wicker, creating a comfortable, form-fitting back contour. Its gentle, curved legs attach to a gracefully arched arm, while the wicker seat creates a sense of harmony with its mixed material back. The combination of these beautiful transitions and thoughtful use of materials makes Treviso an elegant choice for any space.

Gensun has made designing your own outdoor kitchen an easy process. Follow the steps below to make your outdoor kitchen everything you want. If you need help with space planning, our website offers a space planner where you can fit your kitchen and your furniture to your outdoor space.

KITCHEN DESIGN STEPS

Determine the location and size of the area for your kitchen. Keep in mind that for best grill performance the wind direction should come from the back of a grill.

What appliances do you want in your kitchen? We offer a variety of cabinets for gas/LP and kamado grills, side burners, beverage centers and sinks. We also have appliance opening panels.

30" kamado grill cabinet accommodates these grills
- Big Green Egg up to large size
- Kamado Joe up to Classic 18"
- Other kamado grills up to 22" diameter

36" gas/LP grill cabinet accommodates these grills
- AOG: 30NB, 30NBL, 30NB
- Lion: L7500
- PGS: 527, 527T, 527

42" gas/LP grill cabinet accommodates these grills
- AOG: MB2, 30NB, 30NBL, 30NB
- Lion: L7500
- Fire Magic: 6701, 6701

18" side burner/small beverage center cabinet accommodates these appliances
- AOG Single Burner: 3283
- Bull Single Burners: 60088, 60099
- Fire Magic Single Burners: 32794-1, 3279-1, 3280
- PGS: Double Burner, Small Beverage Center
- PGS: S27, S27R, S27T

50" side burner cabinet accommodates these appliances
- Bull Double Burners: 60088, 60099
- Fire Magic Double Burners: 32815, 32815H, 32817, 3281, 3281
- Saber Dual Burners: K00SB1814, K00SB1814

32" large beverage center cabinet accommodates these appliances
- Bull 30" Bar Cabinet
- Lion 30" Bar Center

24" appliance opening panel
Provides a finished back to the kitchen and accommodates appliances such as refrigerators and ice makers up to: W:23.75" D:26.5" H:34.5"

What storage cabinets do you want in your kitchen? Cabinets come in door, drawer, and drawer + door configurations and in many widths. There are corner cabinets if you want your kitchen to be an L or U in design.

Want seating? We have pedestal table seating and a fire table that accommodate up to 6 balcony height stools.

After you have determined your cabinets you will need to order two more components:

1. The appropriate fascia panel to fit on the front of the cabinet(s) around the front of your gas grill, side burner or small beverage center. Kamado grills, large beverage centers accommodated. Drop-in side burners and sinks do not require fascia panels.

2. An end cabinet side panel to give the cabinets at each end of your kitchen a finished look.

What finish do you want on your cabinets and fascia panels? We offer 21 finishes for you to choose from.

The countertop is up to you. We could never offer the vast choices that are available in the market. There are many suppliers of granite, marble, quartz, and other good products that can be used for your countertop. Please select a qualified company that will make and install your countertop to meet outdoor standards.

Appliances and LP tank sold separately.

Not warehoused. All cabinets and panels are not warehoused.

Gensun products are manufactured to give many years of enjoyment. In an effort to help you enjoy the furniture, kitchen and accessories over the years we highly recommend a regular schedule of care and maintenance. Failure to follow these guidelines can void the warranty.

Many fine products to care for the various materials of your furniture are available at your local casual and outdoor furniture dealer or hardware stores. A regular schedule should consist of cleaning the furniture, kitchen cabinets, fabrics, woven materials and other product materials at least twice a year but can vary due to usage, exposure and weather conditions. Gensun recommends a mild dish soap and warm water for best cleaning results on the metal frames, fabrics and woven material. Cleaning before storage is highly recommended so that any dirt or pollutants will not cause damage during storage. Difficult or stubborn stains on acrylic fabrics can be cleaned with more aggressive solutions – visit the fabric manufacturer websites for more information. Cleaning more often will not harm the high-quality materials used. A premium clear car wax should be applied after every cleaning. A premium clear car wax should be applied after every cleaning.

PLEASE NOTE
• The hardware on swivel rockers, swivel rocking lounge & balcony chairs, and swivel bar & balcony stools should be regularly checked to make sure it is tight. Every 6 months or more often depending upon use.
• Weather, especially wind, can damage outdoor furniture. Care should be taken to protect outdoor products in windy conditions. It is always recommended to close umbrellas and privacy screens when not in use. It is also recommended to remove umbrellas from tables and lay umbrellas and privacy screens flat during windy conditions.
• All products should be covered if regularly exposed to the sun and weather conditions.
• Insect repellent (DEET), suntan lotions and harsh cleaners can be harmful to your furniture finish, fabrics and woven material. DO NOT allow any of these products to come in contact with the product as they can cause stains which are not covered under warranty. Gensun approves a mild dish soap and water mixture or 303 Patio Furniture products available Gensun will substitute product of equal value in a similar style and/or finish. Other cleaners can void the warranty.
• Extension table slides should be cleaned regularly. Lubricant can also be applied to help the table easily slide.
• Adjustable glides on chairs, table legs, fire tables, etc. are for residential use only. Take special care that these glides are not adjusted to more than 3/16 inch or 0.5 cm of exposed threads as this can cause damage to the glide or leg. Regularly check the glides as they can unscrew when moving products. In commercial use these glides should be tightened at all times. Periodic checks should be performed to confirm that the glides are tight or within the guidelines listed above. The adjustable glides on kitchen cabinet legs should not be adjusted to more than 1 inch or 2.5 cm of exposed thread.
• Cushions are manufactured using premium outdoor materials. These materials can absorb water and will not be damaged if they get wet for a time. However, cushions should not remain wet over a prolonged time as mold or mildew can occur. Protecting cushions from the elements using covers is recommended. If cushions do get wet, open zippers and turn cushion so the zipper is facing down. This will allow moisture to properly drain and protect the cushion from mold, mildew and potential shrinking.
• Gas fire tables and appliances should be operated with extreme care – especially when lighting the burners. DO NOT light the fire table burner in the high gas setting. Only light the fire table in the low gas setting. Place a lit match on the fire media before turning the gas on. See the appliance instruction manuals for details on proper operation, care and maintenance. DO NOT put the burner cover on until the fire media has cooled as the paint can discolor.

Please make sure that any water that may have accumulated in the tubular extrusions is drained prior to exposure of freezing conditions. Failure to do so can cause water to freeze inside and on materials causing severe damage, tubing to burst, that is not covered under warranty. Furniture should always be stored in a dry area and upright position.
