DESIGNERS

Michael Wolk
Miami resident, Michael Wolk is one of America’s leading designers of corporate, hospitality and residential interiors and furnishings. He has designed and built furniture for John Lennon and Yoko Ono. His furniture has appeared in feature films such as “Batman Returns” and “Inspector Gadget” as well as TV shows like “Ray Donovan” and “The Good Wife”. His work has been featured in several newspapers, magazines and books.

A graduate of Pratt Institute, he has won numerous awards for his work.

Michael is an artist whose medium is design.

Juan Quintana
Juan Quintana, born in Mexico City, has been designing furniture since he was a teenager working in his family’s business. Design is in his DNA as both his father and grandfather paved the way with furniture designs of their own.

That passion carried through until he attended the National University of Mexico earning a degree in graphic design. He later went on to work at Landigreve, where his love of casual furnishings developed further. Juan has been part of the Pavilion family since 2006 where he manages to blend style and comfort with an enthusiasm that is contagious.

Petu Kummala
Pavilion recently partnered with Miami Beach designer Petu Kummala and is thrilled to announce the launch of the Tides Collection.

Petu’s love for design began as a child in Finland. He has always been driven to design and customize objects, and to bring life to art and everyday functional forms. Today, Kummala holds the prestigious role of senior director of interior design & architecture at Carnival Cruise Lines and maintains his design studio, 358 Design where he explores his imagination and focus on form and function.

John Caldwell
Caldwell has designed outdoor furniture, office furniture and accessories, umbrellas, lighting and ceiling fans for the United States and world markets. He has taught and lectured on design for 20 years at various California colleges, including Long Beach State, Pasadena City College and the Art Center College of Design.

He has always been interested in using the latest lightweight, durable, and easy to clean materials for his outdoor lines with aluminum being his favorite material for practicality and design.

Richard Frinier
A native Californian, Richard Frinier is passionate about designing for the casual furnishings industry with an emphasis on residential, contract, hospitality and resort environments.

Best known for his award-winning furniture and textile designs that bring the quality of living indoors outside and the casual spirit of the outdoors inside, his passion and dedication have led him to receive over 90 design excellence awards and his career has been recognized with a Lifetime Achievement Award from the International Casual Furnishings Association, induction into the American Home Furnishings Hall of Fame, and he has been named among the Top 40 Influencers in the Home Industries over the past 40 years.

MARINA

CARLYLE

TIDES
Created with the world-renowned Miami Beach lifestyle in mind, Marina pays homage to the storied history of this legendary city and its many nostalgic beachfront resorts and hotels in South Beach and along Collins Avenue.

Marina presents a contemporized interpretation of nostalgic retro classic indoor/outdoor furniture updated with an innovative use of durable weather-resistant materials in trending yet timeless color ways.
Sleek and elegant define Carlyle from its seat and back to the graceful pedestal table. Carlyle features a functional stackable frame with a variety of seating options.
The Tides Collection is form and function brought to the outdoors. Inspired by the beauty of the ocean’s movement, the curvilinear lines and shapes of the chair convey the fluidity of the tides. The curved elements of the chair are spaced evenly and repeatedly throughout the piece evoking motion. Narrow extrusions closely aligned and gently bending to support the human form exude ergonomic comfort.

The collection is constructed with an inner and outer frame that allows the chair, ottoman and tables to be specified with contrasting colors. Sunlight passes through the slats, creating intriguing shadows as the sun moves across the sky.

The Tides Collection evokes natures movements and our effort to bend it to our will with unique design.

Miami’s Brickell neighborhood bustles with a growing number of businesses and people, but never loses its historic and iconic feel.

The Brickell collection also has a growing fan base for its classic appeal. The mid-century design features a modern low profile that keeps us coming back for more. The chair-back angles and elegant tapering lines are reminiscent of coveted Scandinavian styling.

Brickell is a beautiful addition to any outdoor space.
Powder-coated poetry is just what a patio needs. Meet the Crandon Collection. Architectural and versatile, it boasts a pleasing repetition of parallel lines that artfully frame the environment.

Crandon Park in Miami is known for both its wild natural preserves, and planned recreational spaces. Whether your backyard wild or tame, Crandon will welcome you into the outdoors to lean back on its beautifully angled cushions.
Being rainmakers in a world of sun is a challenge we love to take on every day. With the Kendall collection, we nod to a bustling metropolis of its namesake neighborhood in the idyllic setting of Florida.

The translation delivers bold style nestled in clean metal frames. While the furniture is sleek, the unexpected variation of structural lines and the lush optional quilted cushions create a visual feast.
The lighthouses of Biscayne Bay show the way to a tropical waterfront where every palm stands exactly where it belongs.
The Biscayne collection has tapered legs reminiscent of the palms, and rounded and pleasing lines like the coast itself.
The collection enjoys a natural balance that fits together like a puzzle.
An ottoman snugs into the sofa and invites you to do the same. Biscayne is pure outdoor magic.
CALUSA
The Arts are alive and well in Miami’s Wynwood district and likewise in our Wynwood collection. The pulse of creativity runs through the bold styling of the signature curved armrest, the mix of materials, and the angled legs of the lounge chair. Create your own canvas or tableau of Wynwood loungers. Or feed your creative spirit with a dining set. Wynwood has a foundation of function and comfort, wrapped in innovation and creative style.
Like the ocean itself, the Edgewater collection is expansive and flowing. It boasts refreshing and sophisticated curves that will inspire many a garden, patio or pool party. Edgewater echoes the natural world and is picture perfect in an outdoor escape. Even with its high design, there’s an ease and sexiness to Edgewater, and playfulness in its palette that sets it apart from other contemporary collections.
The Eastside Collection is our modern classic. It’s designed to be pure and iconic, without distracting details. The lounge chair defines what a lounge chair should be – it’s where function becomes style and shape becomes beauty.

The collection is understated and never showy, but it’s one to showcase.

Much like its quiet namesake neighborhood, whose buildings have stood the test of time to become either historic or boutique, the Eastside collection is tailor made for gracious living.
Picture this: a slow zoom into sublime patio scene. Cushions are expertly framed by powder-coated aluminum. Chaise Lounges have their own optional cupholders. The chairs are an ode to clean lines. Like the storied Fontainebleau resort in Miami, which served as background for decades of movies, the Bleau collection is a picture-perfect classic in the making.
Star in your own romance with the outdoors with this beautiful collection.
The outdoors beckon and you can answer the call with the Aventura Collection. Contemporary and geometric, substantial and comfortable, Aventura feels equally at home nestled in a verdant paradise or on a modern pool patio with a flowing breeze.

The materials and colors of Aventura are luxurious and bold, echoing the spirit of Miami.

Once you find your perfect outdoor escape, Aventura will invite you to stay a while longer.

Gables
Every morning is a new chance to make a statement, and the Morningside collection delivers. Curved metals with cutouts are a radical departure from most furniture design, but make perfect sense here. They are edgy without sharp corners. And some pieces include motion and enveloping comfort, while feeling solid and stable.

This innovation is inspired by the Morningside neighborhood in Miami, the city’s first historic district and an architectural wonderland.
MIDTOWN
Gables is designed for you to linger and lounge, and its tasteful Mediterranean details keep you coming back. Look for the delicate twists and keyholes of the metal work framing the soft upholstery. The collection is named for the storied Coral Gables neighborhood outside Miami and known to locals as "the City Beautiful." This collection lives up to the name and makes every patio it graces into an outdoor living destination.

Grove Breakwater Merrick Vizcaya Fairchild
Classic Miami meets Classical Greece in the bold and spirited Grove Collection. Inspired by one of the oldest and greenest neighborhoods in Miami, Coconut Grove, the collection also draws on the architectural elements of a much older seaside culture, ancient Greece. With beautifully rendered “key” details on the furniture, the ultimate leisure collection has been unlocked. The collection is one for the books as an updated contemporary with a nod to history.
The iconic Breakwater collection echoes the timelessness and allows you to create your own luxurious resort at home. Every piece is constructed with high-quality materials and has fanciful details like lattice-backed chairs, swirled armrests and button-tufted cushions. Make your outside living spaces as lush and comfortable as those inside.

### MARINA MATERIAL OPTIONS

#### FlexStrap
Pavilion’s FlexStrap is engineered for durability and comfort, and designed with a rich woven effect made with reinforced Sunbrella® yarns elevating the overall appearance and performance of interwoven strap seating surfaces for indoor/outdoor furniture. The two-inch width strap is interwoven by hand and secured over a powder-coated aluminum framework creating a unique seating surface, while providing good stretch and recovery for comfort returning to a taut resistance when not in use.

#### Yacht Cord
Pavilion’s Yacht Cord is a weather-resistant braided cord added for visual interest with a soft hand and comfortable surface to rest the arm. Made of Sunbrella® performance yarns in a 5mm diameter Birdseye pattern, Yacht Cord is available in complementary colors to FlexStrap, and is one of two creative and clever cap rail accents designed to be in keeping with the Miami-made theme of outdoor living and lifestyles. Yacht Cord is mold, mildew, stain, UV and weather resistant.

#### Deckor
Pavilion’s Deckor aluminum cap rail accent is a proprietary and patented decorative design detail with a wood-grain texture inspired by nautical architecture in the colors of Whitecap, Driftwood and Silo.

CUSHIONS
Sunbrella® (solution dyed acrylic fabric) recommends their fabrics be cleaned. Spot wash by sponging briskly with a solution of natural soap in lukewarm water. Rinse thoroughly with clean water to remove soap and air dry. For stubborn stains or suntan lotion, use fabric spot remover. Following the directions on the container. Rinse thoroughly with clean water and air dry. Solution-dyed acrylic does not promote mildew growth. However, mildew may grow on dirt and other foreign substances that are not removed from the fabric. To clean mildew stains, prepare a mild solution of one cup bleach and two cups of natural soap per gallon of water. Spray the entire area and allow to soak in. If necessary, scrub vigorously with a sponge or clean rag. Sponge thoroughly with clean water and air dry.

See helpful cleaning chart for stains on our website; www.pavilionfurniture.com.
Click on heading Care & Maintenance, under Cushions click on “Acrylic cleaning chart”.

SLING FABRIC
The following cleaning instructions are from the American Casual Furniture Association.
“Vacuum or brush to remove dust or dirt. Prepare cleaning solution using 1 tbsp. liquid dish soap detergent and 2 tbsp. household bleach mixed in a gallon of water. Clean fabric using a sponge or soft cloth dipped in the solution. Rinse with clean water, and air dry.”

VINYL STRAPS OR FIBERGLASS TOPS
For average cleaning, prepare a solution of 1/4 cup of mild soap per gallon of warm water. Use a soft sponge or cleaning rag to clean vinyl straps or fiberglass tops. Rinse thoroughly with clean water.

GRANITE, MARBLE & TRAVERTINE TOPS
For natural stone cleaners, sealers and polishing, consult internet and view “Granite Marble Travertine cleaning”.
Follow the manufacturer’s instructions.

FRAME FINISHES
Wash with a mild natural soap and warm water solution. Prepare a solution of 1/4 cup of mild soap per gallon of water. Use a soft sponge or cleaning rag to clean aluminum frames. Rinse with clean water. It is recommended that furniture inland away from salt air environments be cleaned quarterly or as needed. Furniture near coastal areas, *salt spray must be cleaned from frames on a regular basis (Bi-monthly) or finish may oxidize, discolor and/or blister. *Salt spray buildup over time without proper cleaning will deteriorate the frame’s finish. This is not covered under warranty.

Caution! When using floor cleaning chemicals such as chlorine or mutaratic acid, furniture MUST be removed from area. Floors MUST be thoroughly rinsed with clean water prior to replacing furniture. Residue from cleaning chemicals may deteriorate the frame’s finish and is not covered under warranty. Do not store furniture frames in freezing conditions. Store frames in upright position to prevent water buildup in frames and allow water to drain. Water that has accumulated in frame in a freezing environment may cause water to freeze and explode/crack metal frame structure. This will void warranty.

MOVING PARTS
It is the responsibility of the furniture owner to periodically check all nuts and bolts to see that they are properly tightened at all times. This will insure that all fastened areas are secure. Failure to inspect and maintain these areas may result in disassembly or breakage of part and void warranty.
Take time to care and maintain your furniture investment. Proper care in return will offer years of enjoyable use.
