Tables

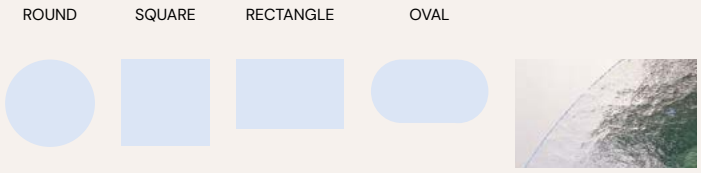

Table Legend

Icons represent the type of tops available for a specific table base. Top model #/U indicates umbrella hole is available.

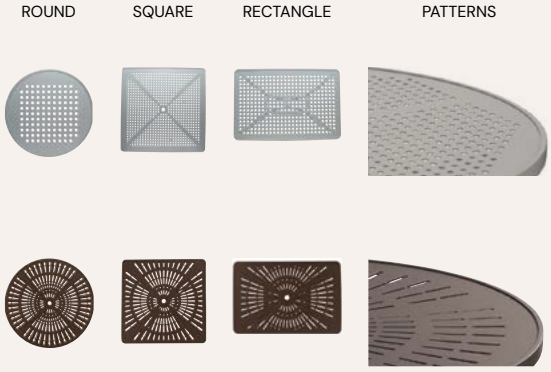

ACRYLIC

Our thick, resilient Acrylic table tops feature an attractive "hammered" textured pattern and are available on many Troptione® tables. They are weather and shatter resistant, making them as tough as they are stylish. When ease of maintenance, durability and safety are of concern, Acrylic tops are the ideal solution.

ALUMINUM

Enjoy the artistry and elegance of aluminum table tops w/out the expense. Boulevard and La'Stratta Patterned Aluminum table tops complement our furniture collections. These aluminum outdoor table tops are the ideal table surface where cost-effective durability is required.

Shade *Benefits* For *Every* Need

Explore features designed for beauty, durability, and everyday performance.

Boundless Styles

Choose from a range of shapes and styles crafted to complement different shade configurations.

High *Customization*

Choose from multiple fabrics and finishes to personalize any umbrella.

All-Weather *Protection*

UV, moisture, and rust-resistant components maintain performance in both sun-heavy and coastal climates.

Built For Demands

All shade products use commercial-grade materials for reliable, long-lasting performance.

BASTA SOLE® recommends the use of our largest bases (125 LB) for all umbrellas – whether in-table or free-standing.
Sleeve heights are 9" for in-table use and 15" for all free-standing umbrellas. If you are uncertain, please contact your local Tropitone® Sales Representative.

UMBRELLA BASES

STEEL PLATE SQUARE BASE
Designed for strength w/ a low profile and rounded corners for safety available in weights up to 80 LB. A square steel base provides a wider "footprint" than the round version for added weight and stability. It is available w/ optional built-in wheels for mobility. Available in all of Tropitone® Powder Coated Finishes. Two piece construction, 9" or 15" sleeve.

STEEL PLATE ROUND BASE
Designed for strength w/ a low profile available in weights up to 60 LB. Constructed from 3/8" or 0.5" thick plate steel. Pre-drilled holes allow these bases to be bolted down in windy areas. Sturdy foot pads raise it off the ground to protect decks. Available in all of Tropitone® Powder Coated Finishes. \Two piece construction, 9" or 15" sleeve.

CEMENT FILLED ALUMINUM BASE
These bases are 100% rust proof and are available in weights up to 95 LB. to support the largest umbrellas. The smooth-spun aluminum outer shell is available in all of Tropitone® Powder Coated Finishes. Two piece construction, 9" or 15" sleeve.

IN-GROUND GOPHER SLEEVE
This base may be used when combined w/ a poured concrete footing. This method of anchoring requires an extended pole that must be 12" longer for safety and stability. Drilled collar allows for lock or bolt installation (bolt not included). Threaded cap included.
